## Subject index\*

### A

#### Abdominal hysterectomy

Are preoperative antibiotics helpful in abdominal hysterectomy? (Senior and Steigrad) 1986; **154**:1004-8

Total abdominal hysterectomy after radiation therapy for cervical cancer: Use of omental graft for fistula prevention (Petty et al.) 1986; **154**:1222-6

#### ABO blood group

Maternal-fetal ABO/Rh antigenic relationships and human fetal development (Hoff and Bixler). 1986; **154**:126-9

#### Abortion

Analysis of the significance of discolored amniotic fluid detected at midtrimester amniocentesis (Zorn et al.) 1986; **154**:1234-40

Caffeine consumption during pregnancy and association with late spontaneous abortion (Srisuphan and Bracken). 1986; **154**:14-20

Epidemiology of hydatidiform mole during early gestation (Atrash et al.) 1986; **154**:906-9

Human chorionic gonadotropin in early normal and pathologic pregnancy (Steier et al.) 1986; **154**:1091-4

Occurrence of molar pregnancy in patients undergoing elective abortion: Comparison with other clinical presentations (Ho Yuen and Callegari). 1986; **154**:273-6

The relationship between abortion in the first pregnancy and development of pregnancy-induced hypertension in the subsequent pregnancy (Strickland et al.) 1986; **154**:146-8

Transfusions of leukocyte-rich erythrocyte concentrates: A successful treatment in selected cases of habitual abortion (Unander and Lindholm). 1986; **154**:516-20

#### Acetone

Effect of acetone precipitation on the clinical prediction of respiratory distress syndrome when utilizing amniotic fluid lecithin/sphingomyelin ratios (Hobson et al.) 1986; **154**:1023-6

#### $\alpha_1$ -Acid glycoprotein

Tumor markers in ovarian cancer: A comparison between immunosuppressive acidic protein and  $\alpha_1$ -acid glycoprotein (Mogensen et al) (Letter). 1986; **154**:1165-6

\*January, 1-220; February, 221-476; March, 477-698; April, 699-972; May, 973-1172; June, 1173-1438.

#### Acid-base status

Correlation of neonatal acid-base status with Apgar scores and fetal heart rate tracings (Page et al.) 1986; **154**:1306-11

The relationship between antepartum fetal heart rate, intrapartum fetal heart rate, and fetal acid-base status (Low et al.) 1986; **154**:769-76

#### Acoustic stimulation

Fetal response to vibratory acoustic stimulation in periods of low heart rate reactivity and low activity (Ohel et al.) 1986; **154**:619-21

#### Actin

Pharmacologic levels of nitrendipine do not affect actin-myosin interaction in the human uterus and placenta (Sakamoto and Huszar). 1986; **154**:402-7

#### Adenocarcinoma; see also Carcinoma

Perforated adenocarcinoma of the appendix during pregnancy (Donnenfeld et al.) 1986; **154**:637-8

Risk factors for the development of diethylstilbestrol-associated clear cell adenocarcinoma: A case-control study (Herbst et al.) 1986; **154**:814-22

#### Adenosine

Maternal ovine placental vascular responses to adenosine (Landauer et al.) 1986; **154**:1152-5

#### Adenosine monophosphate

Basal and forskolin-stimulated cyclic adenosine monophosphate in intact human platelets during the menstrual cycle (Pansini et al.) 1986; **154**:679-82

#### Adhesions

A comparison of three techniques for ovarian reconstruction (Oelsner et al.) 1986; **154**:569-72

"Ultrasound rescue": A successful alternative form of oocyte recovery in patients with periovarian adhesions (Taylor et al.) 1986; **154**:240-4

#### Adrenal tissue

Prostaglandin secretion by adrenal tissue of human anencephalic fetuses (Carr et al.) 1986; **154**:373-8

#### $\beta$ -Adrenergic agonist

Effect of hexoprenaline on uteroplacental blood flow in the pregnant rat (Lipshitz et al.) 1986; **154**:310-4

Myometrial desensitization to continuous but not to intermittent  $\beta$ -adrenergic agonist infusion in the sheep (Casper and Lye). 1986; **154**:301-5

**$\alpha$ -Adrenergic receptor**

- $\alpha$ -Adrenergic receptors in human myometrium during pregnancy (Berg et al). 1986; 154:601-6
- Human platelet  $\alpha$ -adrenergic receptors and responses during pregnancy: No change except that with differing hematocrit (Roberts et al). 1986; 154:206-10

 **$\beta$ -Adrenergic receptor**

- Effect of hexoprenaline on uteroplacental blood flow in the pregnant rat (Lipshitz et al). 1986; 154:310-4
- Failure to demonstrate decreased  $\beta$ -adrenergic receptor concentration or decreased agonist efficacy in term or preterm human parturition (Dattel et al). 1986; 154:450-6
- Preterm labor: Its diagnosis and management (Gonik and Creasy). 1986; 154:3-8 (Clin. Opinion)

**Adrenocorticotropin**

- Plasma growth hormone concentration in the chronically catheterized ovine fetus during spontaneous term delivery and premature delivery induced by continuous intravascular infusion of low doses of adrenocorticotropin or cortisol to the fetus (Lowe et al). 1986; 154:420-3

**Age**

- Maternal and fetal surveillance for older pregnant women (Schipul Jr et al) (Letter); (Kirz) (Reply). 1986; 154:967-8
- Ovarian cancer in the elderly: An analysis of surveillance, epidemiology, and end results program data (Yancik et al). 1986; 154:639-47 (Curr. Dev.)

**Air travel**

- Physiologic changes in pregnant women and their fetuses during jet air travel (Huch et al). 1986; 154:996-1000

**Alcohol**

- The effect of maternal consumption of alcohol on human umbilical artery blood flow (Erskine and Ritchie). 1986; 154:318-21

**Alloimmune thrombocytopenic purpura**

- Neonatal alloimmune thrombocytopenic purpura: A case report (Deaver et al). 1986; 154:153-5

**Ambulatory monitoring**

- Assessment of uterine activity in ambulatory patients at high risk of preterm labor and delivery (Katz et al). 1986; 154:44-7

**Amenorrhea**

- Plasma immunoreactive  $\beta$ -endorphin in exercise-associated amenorrhea (Laatikainen et al). 1986; 154:94-7

**American Gynecological and Obstetrical Society**

- Transactions of the fourth annual meeting of the American Gynecological and Obstetrical Society. 1986; 154:699-854

**American obstetric and gynecologic societies; see also Papers; Transactions**

- Roster of American obstetric and gynecologic societies. 1986; 154:218-9

**Aminophylline**

- Effect of aminophylline on lung maturation in preterm rabbit fetuses (Cosmi et al). 1986; 154:436-9

**Amniocentesis; see also Amniotic fluid; Chorionic villus**

- Amniostat-FLM: An initial clinical trial with both vaginal pool and amniocentesis samples (Benoit et al). 1986; 154:65-8
- Analysis of the significance of discolored amniotic fluid detected at midtrimester amniocentesis (Zorn et al). 1986; 154:1234-40
- Maternal serum  $\alpha$ -fetoprotein and fetal autosomal trisomies (Doran et al). 1986; 154:277-81

**Amnion**

- Epithelial regulation of prolactin effect on amniotic permeability (Raabe and McCoshen). 1986; 154:130-4

**Amniotic fluid**

- Amniostat-FLM: An initial clinical trial with both vaginal pool and amniocentesis samples (Benoit et al). 1986; 154:65-8
- Amniotic fluid collagenase inhibitor: Correlation with gestational age and fetal lung maturity (Stricklin et al). 1986; 154:134-9
- Amniotic fluid ferning in early gestation (Borten and Friedman). 1986; 154:628-30
- Amniotic fluid phosphatidylglycerol and phosphatidylcholine phosphorus as predictors of fetal lung maturity (Kogon et al). 1986; 154:226-30
- Analysis of the significance of discolored amniotic fluid detected at midtrimester amniocentesis (Zorn et al). 1986; 154:1234-40
- Effect of acetone precipitation on the clinical prediction of respiratory distress syndrome when utilizing amniotic fluid lecithin/sphingomyelin ratios (Hobson et al). 1986; 154:1023-6
- Elevated concentrations of the  $\beta$ -subunit of human chorionic gonadotropin and testosterone in the amniotic fluid of gestations of diabetic mothers (Barbieri et al). 1986; 154:1039-43
- Further studies on genital mycoplasmas in intra-amniotic infection: Blood cultures and serologic response (Gibbs et al). 1986; 154:717-26
- The in vivo effect of amniotic fluid on endocervical microflora (Patterson et al). 1986; 154:1111-2
- Interrelationship between amniotic fluid C-peptide and catecholamines in the last trimester of diabetic pregnancy (Pschera et al). 1986; 154:48-52
- Measurements of delta optical density at 450 nm in SS disease (Nelson) (Letter); (Lindsay and Lupo) (Reply). 1986; 154:1166
- A rapid method of culturing bloody amniotic fluid for chromosome analysis (Rodriguez et al) (Letter). 1986; 154:969-70
- Squamous cells in the maternal pulmonary circulation (Clark et al). 1986; 154:104-6
- Ultrasound evaluation of amniotic fluid: Outcome of pregnancies with severe oligohydramnios (Bastide et al). 1986; 154:895-900
- Use of the drop volume of amniotic fluid in estimating the risk for respiratory distress syndrome in the newborn infant (Åberg and Gislén). 1986; 154:68-74

**Androgen**

- Effect of weight loss and antiandrogenic therapy on sex hormone blood levels and insulin resistance in obese patients with polycystic ovaries (Pasquali et al). 1986; 154:139-44
- Elevated concentrations of the  $\beta$ -subunit of human chorionic gonadotropin and testosterone in the amniotic fluid of gestations of diabetic mothers (Barbieri et al). 1986; 154:1039-43
- Testosterone levels and androgen-producing neoplasms (Meldrum) (Letter); (Friedman) (Reply). 1986; 154:965-6
- Treatment of severe androgen excess due to ovarian hyperthecosis with a long-acting gonadotropin-releasing hormone agonist (Steingold et al). 1986; 154:1241-8

**Anencephaly**

- Prostaglandin secretion by adrenal tissue of human anencephalic fetuses (Carr et al). 1986; 154:373-8

**Anesthesia**

- Oxygen consumption in fetal lambs after maternal administration of sodium pentobarbital (Rurak and Taylor). 1986; 154:674-8

### Angiotensin

Fetal responses to maternal infusions of angiotensin II (Perales et al). 1986; **154**:195-203

The relation of angiotensin-converting enzyme to the pregnancy-induced hypertension-preeclampsia syndrome (Goldkrand and Fuentes). 1986; **154**:792-800

### Anomaly; see also specific anomaly

Antenatal diagnosis of renal anomalies with ultrasound. IV. Bilateral multicystic kidney disease (D'Alton et al). 1986; **154**:532-7

Congenital heart disease and extracardiac anomalies: Associations and indications for fetal echocardiography (Coppel et al). 1986; **154**:1121-32 (Curr. Dev.)

Endometriosis in association with uterine anomaly (Sanfilippo et al). 1986; **154**:39-43

### Anterior pituitary; see Pituitary

### Antandrogenic therapy

Effect of weight loss and antiandrogenic therapy on sex hormone blood levels and insulin resistance in obese patients with polycystic ovaries (Pasquali et al). 1986; **154**:139-44

### Antibiotics; see also specific agent

Are preoperative antibiotics helpful in abdominal hysterectomy? (Senior and Steigrad) 1986; **154**:1004-8

### Antibody

An epidemic of maternal thrombocytopenia associated with elevated antiplatelet antibody (Hart et al). 1986; **154**:878-83

Kell sensitization in pregnancy (Caine and Mueller-Heubach). 1986; **154**:85-90

*Mobiluncus*-specific antibodies in a postoperative infection (Larsson et al) (Letter). 1986; **154**:1167-8

Transfusions of leukocyte-rich erythrocyte concentrates: A successful treatment in selected cases of habitual abortion (Unander and Lindholm). 1986; **154**:516-20

### Anticoagulant

Lupus anticoagulant and pregnancy (Spitz et al) (Letter). 1986; **154**:1169

### Antigen

Herpes simplex virus testing of an obstetric population with an antigen enzyme-linked immunosorbent assay (Warford et al). 1986; **154**:21-8

Maternal-fetal ABO/Rh antigenic relationships and human fetal development (Hoff and Bixler). 1986; **154**:126-9

Neonatal alloimmune thrombocytopenic purpura: A case report (Deaver et al). 1986; **154**:153-5

Prevalence of hepatitis B surface antigen among women receiving prenatal care at the Palm Beach County Health Department (Malecki et al). 1986; **154**:625-6

### Anti-Kell antibody

Kell sensitization in pregnancy (Caine and Mueller-Heubach). 1986; **154**:85-90

### Antiplatelet antibody

An epidemic of maternal thrombocytopenia associated with elevated antiplatelet antibody (Hart et al). 1986; **154**:878-83

### Anxiety

Postpartum moods in men and women (Quadagno et al). 1986; **154**:1018-23

### Aorta

Aortic function during normal human pregnancy (Hart et al). 1986; **154**:887-91

### Apgar score

Correlation of neonatal acid-base status with Apgar scores and fetal heart rate tracings (Page et al). 1986; **154**:1306-11

### Appendix

Perforated adenocarcinoma of the appendix during pregnancy (Donnenfeld et al). 1986; **154**:637-8

### Arginine

Blunted response of maternal ovine placental lactogen levels to arginine stimulation after single umbilical artery ligation in pregnant sheep (Newnham et al). 1986; **154**:663-6

Sodium excretion in human pregnancy: A role for arginine vasopressin (Brown and Gallery). 1986; **154**:914-9

### Asphyxia

Birth asphyxia, trauma, and mortality in twins: Has cesarean section improved outcome? (Bell et al). 1986; **154**:235-9

Has use of cesarean section reduced the risks of delivery in the preterm breech presentation? (Bodmer et al). 1986; **154**:244-50

### Autoimmune disease

Breast-feeding in thrombocytopenic neonates secondary to maternal autoimmune thrombocytopenic purpura (Menchieser and Lazzari) (Letter); (Martin Jr) (Reply). 1986; **154**:1166-7

Transfusions of leukocyte-rich erythrocyte concentrates: A successful treatment in selected cases of habitual abortion (Unander and Lindholm). 1986; **154**:516-20

### Autosomal trisomy

Maternal serum  $\alpha$ -fetoprotein and fetal autosomal trisomies (Doran et al). 1986; **154**:277-81

## B

### Bacteria; see also Flora; Infection

Bacterial flora of the cervix in women using different methods of contraception (Haukkamaa et al). 1986; **154**:520-4

Etiology of cervical inflammation (Paavonen et al). 1986; **154**:556-64

### Barbiturates

Oxygen consumption in fetal lambs after maternal administration of sodium pentobarbital (Rurak and Taylor). 1986; **154**:674-8

### Behavior

The effect of electrical stimulation on behavioral states in the fetal lamb (Natale and Nasello-Paterson). 1986; **154**:321-8

### Biofeedback

The role of biofeedback in Kegel exercise training for stress urinary incontinence (Burgio et al). 1986; **154**:58-64

### Biophysical profile scoring

Biophysical profile scoring in the management of the post-term pregnancy: An analysis of 307 patients (Johnson et al). 1986; **154**:269-73

### Biopsy

Human papillomavirus infection of the cervix detected by cervicovaginal lavage and molecular hybridization: Correlation with biopsy results and Papanicolaou smear (Burk et al). 1986; **154**:982-9

Necessity of endocervical curettage in colposcopy (Moseley et al). 1986; **154**:992-5

### Birth; see Delivery

### Birth injury

Fetal injury prior to labor: Does it happen? (Paul et al) 1986; **154**:1187-93

Perinatal events and cerebral palsy (Hensleigh et al). 1986; **154**:978-81

**Birth weight**

Gestational diabetes: Impact of home glucose monitoring on neonatal birth weight (Goldberg et al). 1986; **154**:546-50

Prepregnancy weight, weight gain, and birth weight (Abrams and Laros Jr). 1986; **154**:503-9

**Bladder sphincter**

The role of biofeedback in Kegel exercise training for stress urinary incontinence (Burgio et al). 1986; **154**:58-64

**Bleeding; see Hemorrhage**

Is there a causal connection between motile curved rods, *Mobiluncus* species, and bleeding complications? (Larsson and Bergman). 1986; **154**:107-8

**Blood group**

Maternal-fetal ABO/Rh antigenic relationships and human fetal development (Hoff and Bixler). 1986; **154**:126-9

**Blood sampling**

Percutaneous umbilical sampling in immune thrombocytopenic purpura (Sacks) (Letter); (Hobbins et al) (Reply). 1986; **154**:214-5

**Blood transfusion**

Blood transfusions and Jehovah's Witnesses: Medical and legal issues in obstetrics and gynecology (Sacks and Koppes). 1986; **154**:483-6 (Clin. Opinion)

**Blood volume expansion**

Cardiovascular alterations in severe pregnancy-induced hypertension: Effects of intravenous nitroglycerin coupled with blood volume expansion (Cotton et al). 1986; **154**:1053-9

**Books received**

Books received. 1986; **154**:696, 971, 1171, 1370

**Bowel obstruction**

Disagreement on use of water-soluble contrast material in small bowel obstruction (Ott et al) (Letter); (Robertson) (Reply). 1986; **154**:690-1

Postoperative intussusception after vaginal vault suspension (Hunter et al). 1986; **154**:633-4

**Breast**

Fibrocystic breast disease: Pathophysiology, pathomorphology, clinical picture, and management (Vorherr). 1986; **154**:161-79

Lactation suppression and puerperal fever (Almeida and Kitay). 1986; **154**:940-1

On the origin and progression of human breast cancer (Jensen). 1986; **154**:1280-4

**Breast-feeding**

Breast-feeding in thrombocytopenic neonates secondary to maternal autoimmune thrombocytopenic purpura (Meschengieser and Lazzari) (Letter); (Martin Jr) (Reply). 1986; **154**:1166-7

Excretion of varicella-herpes zoster virus in breast milk (Frederick et al). 1986; **154**:1116-7

Influence of breast-feeding on the restoration of the low serum concentration of vitamin E and  $\beta$ -carotene in the newborn infant (Ostrea Jr et al). 1986; **154**:1014-7

**Breech presentation**

Abdominal rescue after entrapment of the aftercoming head (Ify et al). 1986; **154**:623-4

External cephalic version of the breech presentation under tocolysis (Morrison et al). 1986; **154**:900-3

Has use of cesarean section reduced the risks of delivery in the preterm breech presentation? (Bodmer et al). 1986; **154**:244-50

The length of the human umbilical cord in vertex and breech presentations (Soernes and Bakke). 1986; **154**:1086-7

**Bromocriptine**

Inhibition of human chorionic gonadotropin production by prolactin from term human trophoblast (Ho Yuen et al). 1986; **154**:336-40

Lactation suppression and puerperal fever (Almeida and Kitay). 1986; **154**:940-1

Pergolide and bromocriptine for the treatment of patients with hyperprolactinemia (Kletzky et al). 1986; **154**:431-5

## C

**CA 125**

CA 125 surveillance and second-look laparotomy in ovarian carcinoma (Atack et al). 1986; **154**:287-9

The tumor marker CA 125 is a common constituent of normal cervical mucus (de Bruijn et al). 1986; **154**:1088-91

**Caffeine**

Caffeine consumption during pregnancy and association with late spontaneous abortion (Srisuphan and Bracken). 1986; **154**:14-20

**Calcium channel blocker**

The effect of a calcium channel blocker (nifedipine) on uterine blood flow in the pregnant goat (Veille et al). 1986; **154**:1160-3

Pharmacologic levels of nitrendipine do not affect actin-myosin interaction in the human uterus and placenta (Sakamoto and Huszar). 1986; **154**:402-7

**Cannulas**

A randomized study of three cannulas for transcervical chorionic villus sampling (MacKenzie et al). 1986; **154**:34-9

**Carbon dioxide laser**

Toxic shock syndrome following carbon dioxide laser treatment of genital tract condyloma acuminatum (Bowen et al). 1986; **154**:145-6

**Carcinoma; see also Neoplasia**

CA 125 surveillance and second-look laparotomy in ovarian carcinoma (Atack et al). 1986; **154**:287-9

Cervical carcinoma in women aged 34 and younger (Carmichael et al). 1986; **154**:264-9

Cigarette smoking and endometrial cancer (Baron) (Letter). 1986; **154**:965

The effect of dehydroepiandrosterone sulfate on de novo and low-density lipoprotein-stimulated progesterone secretion by human choriocarcinoma JEG-3 cells (Moise et al). 1986; **154**:1080-5

Human papillomavirus deoxyribonucleic acid in cervical carcinoma from primary and metastatic sites (Lancaster et al). 1986; **154**:115-9

On the origin and progression of human breast cancer (Jensen). 1986; **154**:1280-4

Ovarian cancer in the elderly: An analysis of surveillance, epidemiology, and end results program data (Yancik et al). 1986; **154**:639-47 (Curr. Dev.)

Ovarian carcinoma of low malignant potential: Staging and treatment (Nation and Krepert). 1986; **154**:290-3

Perforated adenocarcinoma of the appendix during pregnancy (Donnenfeld et al). 1986; **154**:637-8

Primary carcinoma of the fallopian tube (Podratz et al). 1986; **154**:1319-26

Risk factors for the development of diethylstilbestrol-associated clear cell adenocarcinoma: A case-control study (Herbst et al). 1986; **154**:814-22

The role of lymphangiography in vulvar carcinoma (Weiner et al). 1986; **154**:1073-5

Staging laparotomy in early epithelial ovarian carcinoma (Helewa et al). 1986; **154**:282-6

- Total abdominal hysterectomy after radiation therapy for cervical cancer: Use of omental graft for fistula prevention (Petty et al). 1986; **154**:1222-6
- Tumor markers in ovarian cancer: A comparison between immunosuppressive acidic protein and  $\alpha_1$ -acid glycoprotein (Mogensen et al) (Letter). 1986; **154**:1165-6
- Cardiovascular disease; see Heart**
- $\beta$ -Carotene**
- Influence of breast-feeding on the restoration of the low serum concentration of vitamin E and  $\beta$ -carotene in the newborn infant (Ostrea Jr et al). 1986; **154**:1014-7
- Case reports**
- The value of case reports in human teratology (Goldberg and Golbus). 1986; **154**:479-82 (Clin. Opinion)
- Catecholamine**
- Interrelationship between amniotic fluid C-peptide and catecholamines in the last trimester of diabetic pregnancy (Pschera et al). 1986; **154**:48-52
- Plasma catecholamine responses to physiologic stimuli in normal human pregnancy (Barron et al). 1986; **154**:80-4
- Cefotetan**
- Cefotetan in the treatment of obstetric and gynecologic infections (Poindexter III et al). 1986; **154**:946-50 (Symposium)
- Cefotetan versus cefoxitin as prophylaxis in hysterectomy (Orr Jr et al). 1986; **154**:960-3 (Symposium)
- Comparison of cefotetan and cefoxitin as prophylaxis in cesarean section (Varner et al). 1986; **154**:951-4 (Symposium)
- Single-dose cefotetan versus multidose cefoxitin for prophylaxis in cesarean section in high-risk patients (McGregor et al). 1986; **154**:955-60 (Symposium)
- Symposium on Cefotetan: Introduction (Quintiliani). 1986; **154**:945 (Symposium)
- Cefoxitin**
- Are preoperative antibiotics helpful in abdominal hysterectomy? (Senior and Steigrad) 1986; **154**:1004-8
- Cefotetan versus cefoxitin as prophylaxis in hysterectomy (Orr Jr et al). 1986; **154**:960-3 (Symposium)
- Comparison of cefotetan and cefoxitin as prophylaxis in cesarean section (Varner et al). 1986; **154**:951-4 (Symposium)
- Single-dose cefotetan versus multidose cefoxitin for prophylaxis in cesarean section in high-risk patients (McGregor et al). 1986; **154**:955-60 (Symposium)
- Central Association of Obstetricians and Gynecologists**
- Transactions of the fifty-third annual meeting of the Central Association of Obstetricians and Gynecologists. 1986; **154**:1285-1369
- Cephalic version**
- External cephalic version of the breech presentation under tocolysis (Morrison et al). 1986; **154**:900-3
- Cephalopelvic disproportion**
- Factors related to the increasing cesarean section rates for cephalopelvic disproportion (Silbar). 1986; **154**:1095-8
- Cephadrine**
- Are preoperative antibiotics helpful in abdominal hysterectomy? (Senior and Steigrad) 1986; **154**:1004-8
- Cerebral palsy**
- Perinatal events and cerebral palsy (Hensleigh et al). 1986; **154**:978-81
- Cervical factor**
- Experience with intrauterine insemination for cervical factor and oligospermia (Hull et al). 1986; **154**:1333-8
- Cervix**
- An analysis of the factors involved in the colposcopic evaluation of 2194 patients with abnormal Papanicolaou smears (Wetrich). 1986; **154**:1339-49
- Bacterial flora of the cervix in women using different methods of contraception (Haukkaa et al). 1986; **154**:520-4
- Cervical carcinoma in women aged 34 and younger (Car-michael et al). 1986; **154**:264-9
- Cervical intraepithelial neoplasia and condyloma: An analysis of diagnostic accuracy of posttreatment follow-up methods (Falcone and Ferenczy). 1986; **154**:260-4
- Etiology of cervical inflammation (Paavonen et al). 1986; **154**:556-64
- Human papillomavirus deoxyribonucleic acid in cervical carcinoma from primary and metastatic sites (Lancaster et al). 1986; **154**:115-9
- Human papillomavirus infection of the cervix detected by cervicovaginal lavage and molecular hybridization: Correlation with biopsy results and Papanicolaou smear (Burk et al). 1986; **154**:982-9
- The in vivo effect of amniotic fluid on endocervical microflora (Patterson et al). 1986; **154**:1111-2
- Necessity of endocervical curettage in colposcopy (Moseley et al). 1986; **154**:992-5
- Preinduction cervical ripening with sequential use of prostaglandin  $E_2$  gel (Prins et al). 1986; **154**:1275-9
- Quantitative assessment of Langerhans' cells in human cervical intraepithelial neoplasia and wart virus infection (McArdle and Muller). 1986; **154**:509-15
- Total abdominal hysterectomy after radiation therapy for cervical cancer: Use of omental graft for fistula prevention (Petty et al). 1986; **154**:1222-6
- Treatment of cervical intraepithelial neoplasia with electrocautery: A report of 776 cases (Deigen et al). 1986; **154**:255-9
- The tumor marker CA 125 is a common constituent of normal cervical mucus (de Bruijn et al). 1986; **154**:1088-91
- Ultrasound differentiation of the competent from the incompetent cervix: Prevention of preterm delivery (Michaels et al). 1986; **154**:537-46
- Cesarean section**
- Abdominal rescue after entrapment of the aftercoming head (Iffy et al). 1986; **154**:623-4
- Birth asphyxia, trauma, and mortality in twins: Has cesarean section improved outcome? (Bell et al). 1986; **154**:235-9
- Cesarean delivery of the second twin after vaginal delivery of the first twin (Rattan et al). 1986; **154**:936-9
- Comparison of cefotetan and cefoxitin as prophylaxis in cesarean section (Varner et al). 1986; **154**:951-4 (Symposium)
- Factors related to the increasing cesarean section rates for cephalopelvic disproportion (Silbar). 1986; **154**:1095-8
- Has use of cesarean section reduced the risks of delivery in the preterm breech presentation? (Bodmer et al). 1986; **154**:244-50
- Single-dose cefotetan versus multidose cefoxitin for prophylaxis in cesarean section in high-risk patients (McGregor et al). 1986; **154**:955-60 (Symposium)
- Single-dose trimethoprim-sulfamethoxazole prophylaxis for cesarean section (Ganesh et al). 1986; **154**:1113-4
- Change**
- Change and consistency (Brewer et al). 1986; **154**:1-2 (Editorial)

**Chemotherapy**

Ovarian carcinoma of low malignant potential: Staging and treatment (Nation and Krepert). 1986; **154**:290-3

**Chlamydia trachomatis**

Etiology of cervical inflammation (Paavonen et al). 1986; **154**:556-64

Localization of *Chlamydia trachomatis* infection by direct immunofluorescence and culture in pelvic inflammatory disease (Kiviat et al). 1986; **154**:865-73

Residues of pelvic inflammatory disease in intrauterine device users: A result of the intrauterine device or *Chlamydia trachomatis* infection? (Guderian and Trobough). 1986; **154**:497-503

**Choriocarcinoma**

Demonstration of myc and ras oncogene expression by hybridization in situ in hydatidiform mole and in the BeWo choriocarcinoma cell line (Sarkar et al). 1986; **154**:390-3

The effect of dehydroepiandrosterone sulfate on de novo and low-density lipoprotein-stimulated progesterone secretion by human choriocarcinoma JEG-3 cells (Moise et al). 1986; **154**:1080-5

**Chorionic gonadotropin; see Gonadotropin****Chorionic villus; see also Amniocentesis**

Chorionic villus sampling: Experience of the first 1000 cases (Hogge et al). 1986; **154**:1249-52

Chorionic villus sampling in continuing pregnancies. I. Low fetal loss rates in initial 109 cases (Elias et al). 1986; **154**:1349-52

Chorionic villus sampling in continuing pregnancies. II. Cytogenetic reliability (Martin et al). 1986; **154**:1353-62

Improving the yield of direct chorionic villus slide preparations (Bhatia et al). 1986; **154**:408-11

A randomized study of three cannulas for transcervical chorionic villus sampling (MacKenzie et al). 1986; **154**:34-9

Septic shock with renal failure after chorionic villus sampling (Barela et al). 1986; **154**:1100-2

**Chromosome**

Hydrops fetalis and chromosomal trisomies (Landrum et al). 1986; **154**:1114-5

A rapid method of culturing bloody amniotic fluid for chromosome analysis (Rodriguez et al) (Letter). 1986; **154**:969-70

Use of two different deoxyribonucleic acid probes to detect Y chromosome deoxyribonucleic acid in subjects with normal and altered Y chromosomes (McDonough et al). 1986; **154**:737-48

**Cigarette smoking**

Cigarette smoking and endometrial cancer (Baron) (Letter). 1986; **154**:965

**Circulation**

Circulatory responses to hypovolemia in the pregnant and nonpregnant sheep after pharmacologic sympathectomy (Tabsh et al). 1986; **154**:411-9

**Clear cell adenocarcinoma**

Risk factors for the development of diethylstilbestrol-associated clear cell adenocarcinoma: A case-control study (Herbst et al). 1986; **154**:814-22

**Clinical Opinion**

Clinical Opinion. 1986; **154**:3-13, 479-86, 973-81

**Clomiphene citrate**

The effects of enclomiphene and zuclomiphene citrates on mouse embryos fertilized in vitro and in vivo (Schmidt et al). 1986; **154**:727-36

**Colectomy**

Perforated adenocarcinoma of the appendix during pregnancy (Donnenfeld et al). 1986; **154**:637-8

**Collagenase inhibitor**

Amniotic fluid collagenase inhibitor: Correlation with gestational age and fetal lung maturity (Stricklin et al). 1986; **154**:134-9

**Colonization; see Flora**

Microbial colonization of tailed and tailless intrauterine contraceptive devices: Influence of the mode of insertion in the rabbit (Jacques et al). 1986; **154**:648-55

**Colpocleisis**

Partial colpocleisis (Langmade and Oliver Jr). 1986; **154**:1200-5

**Colposcopy**

An analysis of the factors involved in the colposcopic evaluation of 2194 patients with abnormal Papanicolaou smears (Wetrich). 1986; **154**:1339-49

Behavior of the squamocolumnar junction during normal pregnancy (Ganesh et al) (Letter). 1986; **154**:689-90

Cervical intraepithelial neoplasia and condyloma: An analysis of diagnostic accuracy of posttreatment follow-up methods (Falcone and Ferenczy). 1986; **154**:260-4

Colposcopy in the diagnosis of penile condyloma (Sedlacek et al). 1986; **154**:494-6

Necessity of endocervical curettage in colposcopy (Moseley et al). 1986; **154**:992-5

Treatment of cervical intraepithelial neoplasia with electrocautery: A report of 776 cases (Deigen et al). 1986; **154**:255-9

**Condyloma**

Cervical intraepithelial neoplasia and condyloma: An analysis of diagnostic accuracy of posttreatment follow-up methods (Falcone and Ferenczy). 1986; **154**:260-4

Colposcopy in the diagnosis of penile condyloma (Sedlacek et al). 1986; **154**:494-6

Quantitative assessment of Langerhans' cells in human cervical intraepithelial neoplasia and wart virus infection (McArdle and Muller). 1986; **154**:509-15

Toxic shock syndrome following carbon dioxide laser treatment of genital tract condyloma acuminatum (Bowen et al). 1986; **154**:145-6

**Congenital anomaly; see also specific anomaly**

Antenatal diagnosis of renal anomalies with ultrasound. IV. Bilateral multicystic kidney disease (D'Alton et al). 1986; **154**:532-7

Congenital heart disease and extracardiac anomalies: Associations and indications for fetal echocardiography (Coppel et al). 1986; **154**:1121-32 (Curr. Dev.)

**Conization**

Additional comment on combination conization (Townsend). 1986; **154**:967

Necessity of endocervical curettage in colposcopy (Moseley et al). 1986; **154**:992-5

**Conjugated equine estrogen**

Biochemical and histologic effects of sequential estrogen/progestin therapy on the endometrium of postmenopausal women (Gibbons et al). 1986; **154**:456-61

**Consistency**

Change and consistency (Brewer et al). 1986; **154**:1-2 (Editorial)

**Constrictive pericarditis**

Constrictive pericarditis and pregnancy (Sachs et al). 1986; **154**:156-7

**Contraception; see also Intrauterine device**

Bacterial flora of the cervix in women using different methods of contraception (Haukkamaa et al). 1986; **154**:520-4

- Opioid regulation of pituitary gonadotropins and prolactin in women using oral contraceptives (Suowden et al). 1986; 154:440-4
- Toxic shock syndrome, contraceptive methods, and vaginitis (Lanes et al). 1986; 154:989-91
- Contrast material**  
Disagreement on use of water-soluble contrast material in small bowel obstruction (Ott et al) (Letter); (Robertson) (Reply). 1986; 154:690-1
- Coronary artery disease**  
Coronary artery disease in diabetic pregnancies (Reece et al). 1986; 154:150-1  
Estrogen use and cardiovascular disease (Henderson et al). 1986; 154:1181-6
- Corpus luteum**  
Human ovarian oxytocin: Its source and relationship to steroid hormones (Dawood and Khan-Dawood). 1986; 154:756-63  
Ovarian pregnancy with a contralateral corpus luteum: Case report (Check and Chase). 1986; 154:155-6
- Correspondence**  
Letters. 1986; 154:211-7, 689-95, 964-70, 1164-70
- Corticotropin**  
Corticotropin-releasing factor can stimulate gonadotropin secretion by human fetal pituitaries in superfusion (Blumenfeld et al). 1986; 154:606-12
- Cortisol**  
Plasma growth hormone concentration in the chronically catheterized ovine fetus during spontaneous term delivery and premature delivery induced by continuous intravascular infusion of low doses of adrenocorticotropin or cortisol to the fetus (Lowe et al). 1986; 154:420-3
- C-peptide**  
Interrelationship between amniotic fluid C-peptide and catecholamines in the last trimester of diabetic pregnancy (Pschera et al). 1986; 154:48-52
- C-reactive protein**  
Serum C-reactive protein determination in acute pelvic inflammatory disease (Lehtinen et al). 1986; 154:158-9
- Cultures**  
An evaluation of different media for the zona-free hamster egg penetration test (Mortimer). 1986; 154:351-4  
Further studies on genital mycoplasmas in intra-amniotic infection: Blood cultures and serologic response (Gibbs et al). 1986; 154:717-26  
Herpes simplex virus testing of an obstetric population with an antigen enzyme-linked immunosorbent assay (Warford et al). 1986; 154:21-8  
A rapid method of culturing bloody amniotic fluid for chromosome analysis (Rodriguez et al) (Letter). 1986; 154:969-70
- Curettage**  
Necessity of endocervical curettage in colposcopy (Moseley et al). 1986; 154:992-5
- Current development**  
Current development. 1986; 154:639-47, 1121-32
- Cushing's syndrome**  
Cushing's syndrome in pregnancy: A case report and literature review (Koerten et al). 1986; 154:626-8
- Cyclic adenosine monophosphate**  
Basal and forskolin-stimulated cyclic adenosine monophosphate in intact human platelets during the menstrual cycle (Pansini et al). 1986; 154:679-82
- Cyproterone acetate**  
Effect of weight loss and antiandrogenic therapy on sex hormone blood levels and insulin resistance in obese pa-

tients with polycystic ovaries (Pasquali et al). 1986; 154:139-44

#### Cystic hygroma colli

Fetal cystic hygroma colli: Antenatal diagnosis, significance, and management (Garden et al). 1986; 154:221-5

#### Cystourethropepy

Modified retropubic cystourethropepy (Goodno Jr and Powers). 1986; 154:1211-5

### D

#### Danazol

Inhibition of gonadotropin-releasing hormone receptors in rat anterior pituitary monolayer cell cultures by danazol (Menon et al). 1986; 154:362-72

Relationship of gonadotropin-releasing hormone, danazol, and prostaglandin blockade to ovarian enlargement and ascites formation of the ovarian hyperstimulation syndrome in the rabbit (Pride et al). 1986; 154:1155-60

#### Death; see Mortality

#### Dehydroepiandrosterone sulfate

The effect of dehydroepiandrosterone sulfate on de novo and low-density lipoprotein-stimulated progesterone secretion by human choriocarcinoma JEG-3 cells (Moise et al). 1986; 154:1080-5

#### Delivery

Abdominal rescue after entrapment of the aftercoming head (Iffy et al). 1986; 154:623-4

Birth asphyxia, trauma, and mortality in twins: Has cesarean section improved outcome? (Bell et al). 1986; 154:235-9

Cesarean delivery of the second twin after vaginal delivery of the first twin (Rattan et al). 1986; 154:936-9

Failure to demonstrate decreased  $\beta$ -adrenergic receptor concentration or decreased agonist efficacy in term or preterm human parturition (Dattel et al). 1986; 154:450-6

Has use of cesarean section reduced the risks of delivery in the preterm breech presentation? (Bodmer et al). 1986; 154:244-50

Midforceps deliveries: Long-term outcome of infants (Dierker Jr et al). 1986; 154:764-8

Plasma growth hormone concentration in the chronically catheterized ovine fetus during spontaneous term delivery and premature delivery induced by continuous intravascular infusion of low doses of adrenocorticotropin or cortisol to the fetus (Lowe et al). 1986; 154:420-3

Reply to Dr. Emanuel Friedman (Kadar) (Letter). 1986; 154:694-5

Subcutaneous emphysema, pneumomediastinum, and pneumothorax in labor and delivery (Reeder). 1986; 154:487-9

#### Deoxyribonucleic acid

Human papillomavirus deoxyribonucleic acid in cervical carcinoma from primary and metastatic sites (Lancaster et al). 1986; 154:115-9

Use of two different deoxyribonucleic acid probes to detect Y chromosome deoxyribonucleic acid in subjects with normal and altered Y chromosomes (McDonough et al). 1986; 154:737-48

#### Desensitization

Myometrial desensitization to continuous but not to intermittent  $\beta$ -adrenergic agonist infusion in the sheep (Casper and Lye). 1986; 154:301-5

#### Development

The influence of prolonged pregnancy on infant development at one and two years of age: A prospective controlled study (Shime et al). 1986; 154:341-5

**Dexamethasone**

- The effect of antenatal dexamethasone on maternal and fetal retinol-binding protein (Hustead and Zachman). 1986; 154:203-5
- The effect of antenatal dexamethasone administration on the prevention of respiratory distress syndrome in preterm gestations with premature rupture of membranes (Morales et al). 1986; 154:591-5

**Diabetes**

- Coronary artery disease in diabetic pregnancies (Reece et al). 1986; 154:150-1
- The current role of daily serum estriol monitoring in the insulin-dependent pregnant diabetic woman (Ray et al). 1986; 154:1257-63
- Decreased fetal cord prolactin concentration in diabetic pregnancies (Saltzman et al). 1986; 154:1035-8
- Elevated concentrations of the  $\beta$ -subunit of human chorionic gonadotropin and testosterone in the amniotic fluid of gestations of diabetic mothers (Barbieri et al). 1986; 154:1039-43
- Fetal  $\alpha$ -melanocyte-stimulating hormone levels: No correlation with late fetal growth but increased with diabetes mellitus (Hassan et al). 1986; 154:428-30
- Gestational diabetes: Impact of home glucose monitoring on neonatal birth weight (Goldberg et al). 1986; 154:546-50
- Glucose threshold for macrosomia in pregnancy complicated by diabetes (Willman et al). 1986; 154:470-5
- Interrelationship between amniotic fluid C-peptide and catecholamines in the last trimester of diabetic pregnancy (Pschera et al). 1986; 154:48-52
- Serum fructosamine: A screening test for diabetes in pregnancy (Roberts and Baker). 1986; 154:1027-30
- Should a fifty-gram, one-hour plasma glucose screening test for gestational diabetes be administered in the fasting or fed state? (Coustan et al). 1986; 154:1031-5

**Diagnosis related groups**

- Obstetric hospital stays by diagnosis related groups: A community-based analysis (Lagoe). 1986; 154:873-8

**Diet**

- Effect of long-term administration of  $\beta_2$ -sympathomimetic drug in the diet-restricted pregnant rat model (Lipshitz et al). 1986; 154:314-7
- Effect of weight loss and antiandrogenic therapy on sex hormone blood levels and insulin resistance in obese patients with polycystic ovaries (Pasquali et al). 1986; 154:139-44

**Diethylstilbestrol**

- Risk factors for the development of diethylstilbestrol-associated clear cell adenocarcinoma: A case-control study (Herbst et al). 1986; 154:814-22
- Treatment of endometriosis (Lockhart Jr) (Letter). 1986; 154:215-6
- Upper genital tract changes and infertility in diethylstilbestrol-exposed women (Kaufman et al). 1986; 154:1312-8

**Dopamine**

- Circulatory responses to hypovolemia in the pregnant and nonpregnant sheep after pharmacologic sympathectomy (Tabsh et al). 1986; 154:411-9
- Modulation of luteinizing hormone immunoreactivity and bioactivity by dopamine but not norepinephrine in women (Barnes et al). 1986; 154:445-50
- Pergolide and bromocriptine for the treatment of patients with hyperprolactinemia (Kletzky et al). 1986; 154:431-5

- Variability and selectivity of anterior pituitary response to dopamine agonists throughout the normal menstrual cycle (Kletzky and Shangold). 1986; 154:362-7

**Doppler measurement**

- Failure of nonstress test and Doppler-assessed umbilical arterial blood flow to detect imminent intrauterine death (Erskine et al). 1986; 154:1109-10
- Quantitative two-dimensional echocardiographic assessment of fetal cardiac growth (Shime et al). 1986; 154:294-300
- Uterine artery Doppler velocimetry in pregnant women with hypertension (Fleischer et al). 1986; 154:806-13

**Down's syndrome**

- A sonographic sign for fetal Down's syndrome (Defoort and Thiery) (Letter). 1986; 154:1169-70

**Drop volume**

- Use of the drop volume of amniotic fluid in estimating the risk for respiratory distress syndrome in the newborn infant (Åberg and Gislén). 1986; 154:68-74

**Dysmaturity**

- The influence of prolonged pregnancy on infant development at one and two years of age: A prospective controlled study (Shime et al). 1986; 154:341-5

**Dyspareunia**

- Focal vulvitis: A characteristic syndrome and cause of dyspareunia: Features, natural history, and management (Peckham et al). 1986; 154:855-64

**Dystocia**

- Another technique for resolution of shoulder dystocia (Carter) (Letter). 1986; 154:964

**E****Echocardiography**

- Congenital heart disease and extracardiac anomalies: Associations and indications for fetal echocardiography (Coppel et al). 1986; 154:1121-32 (Curr. Dev.)
- Quantitative two-dimensional echocardiographic assessment of fetal cardiac growth (Shime et al). 1986; 154:294-300
- Two-dimensional and M-mode echocardiographic findings in hypertensive pregnant women (Sánchez et al). 1986; 154:910-3

**Eclampsia; see also Preeclampsia**

- Eclampsia. V. The incidence of nonpreventable eclampsia (Sibai et al). 1986; 154:581-90
- Hypertensive diseases of pregnancy and parity (Gleicher et al). 1986; 154:1044-9

**Ectopic pregnancy**

- Conservative treatment of ectopic pregnancy with methotrexate (Ory et al). 1986; 154:1299-1306
- Tubal conservation in ectopic pregnancy: A study of 200 cases (Hallatt). 1986; 154:1216-21

**Edema**

- Leg static pressure values in pregnant women with iatrogenic pulmonary edema (Goodlin). 1986; 154:634-5
- Role of intravenous nitroglycerin in the treatment of severe pregnancy-induced hypertension complicated by pulmonary edema (Cotton et al). 1986; 154:91-3

**Editorials**

- Editorial. 1986; 154:1-2, 477-8

**Education; see also Residency**

- The Golden Thread (Malkasian Jr). 1986; 154:1285-90 (Pres. address)
- The need for flexibility in preparing clinician-scientists for academic careers (Jaffe). 1986; 154:778-80 (Symposium)

### **Egg penetration test**

An evaluation of different media for the zona-free hamster egg penetration test (Mortimer). 1986; **154**:351-4

### **Elderly; see Age**

### **Electrical stimulation**

The effect of electrical stimulation on behavioral states in the fetal lamb (Natale and Nasello-Paterson). 1986; **154**:321-8

### **Electrocardiogram**

Electrocardiographic changes associated with ritodrine-induced maternal tachycardia and hypokalemia (Hendricks et al). 1986; **154**:921-3

### **Electrocautery**

Treatment of cervical intraepithelial neoplasia with electrocautery: A report of 776 cases (Deigen et al). 1986; **154**:255-9

### **Embryo; see also Embryo transfer**

The effects of enclomiphene and zuclomiphene citrates on mouse embryos fertilized in vitro and in vivo (Schmidt et al). 1986; **154**:727-36

### **Embryo transfer; see also Fertilization**

An obstetric assessment of the first 100 births from the in vitro fertilization program at Clamart, France (Frydman et al). 1986; **154**:550-5

"Ultrasound rescue": A successful alternative form of oocyte recovery in patients with periovarian adhesions (Taylor et al). 1986; **154**:240-4

An in vitro fertilization and embryo transfer pilot study: Treatment-dependent and treatment-independent pregnancies (Jarrell et al). 1986; **154**:231-4

### **Emphysema**

Subcutaneous emphysema, pneumomediastinum, and pneumothorax in labor and delivery (Reeder). 1986; **154**:487-9

### **Encephalitis**

Meningoencephalitis caused by *Histoplasma capsulatum* complicating pregnancy (McGregor et al). 1986; **154**:925-31

### **Enclomiphene citrate**

The effects of enclomiphene and zuclomiphene citrates on mouse embryos fertilized in vitro and in vivo (Schmidt et al). 1986; **154**:727-36

### **Endocarditis**

Infective endocarditis in obstetric and gynecologic practice (Seaworth and Durack). 1986; **154**:180-8

### **Endocervix; see also Cervix**

The in vivo effect of amniotic fluid on endocervical microflora (Patterson et al). 1986; **154**:1111-2

Necessity of endocervical curettage in colposcopy (Moseley et al). 1986; **154**:992-5

### **Endometriosis**

Analysis of sequential treatment protocols for endometriosis-associated infertility (Olive and Lee). 1986; **154**:613-9

Endometriosis in association with uterine anomaly (Sanfilippo et al). 1986; **154**:39-43

Family trait analysis: A case-control study of 43 women with endometriosis and their best friends (Lamb et al). 1986; **154**:596-601

Peritoneal fluid in patients with and without endometriosis: Prostanoids and macrophages and their effect on the spermatozoa penetration assay (Chacho et al). 1986; **154**:1290-9

Prostaglandins and endometriosis (Sgarlata and Hertelendy) (Letter); (James) (Reply). 1986; **154**:964-5

Treatment of endometriosis (Lockhart Jr) (Letter). 1986; **154**:215-6

### **Endometritis**

Cefotetan in the treatment of obstetric and gynecologic infections (Poindexter III et al). 1986; **154**:946-50 (Symposium)

Serum C-reactive protein determination in acute pelvic inflammatory disease (Lehtinen et al). 1986; **154**:158-9

Single-dose cefotetan versus multidose cefoxitin for prophylaxis in cesarean section in high-risk patients (McGregor et al). 1986; **154**:955-60 (Symposium)

Single-dose trimethoprim-sulfamethoxazole prophylaxis for cesarean section (Ganesh et al). 1986; **154**:1113-4

### **Endometrium; see also Endometriosis; Endometritis**

Basal and forskolin-stimulated cyclic adenosine monophosphate in intact human platelets during the menstrual cycle (Pansini et al). 1986; **154**:679-82

Biochemical and histologic effects of sequential estrogen/progestin therapy on the endometrium of postmenopausal women (Gibbons et al). 1986; **154**:456-61

Cigarette smoking and endometrial cancer (Baron) (Letter). 1986; **154**:965

### **$\beta$ -Endorphin**

Plasma immunoreactive  $\beta$ -endorphin in exercise-associated amenorrhea (Laatikainen et al). 1986; **154**:94-7

### **Engorgement**

Lactation suppression and puerperal fever (Almeida and Kitay). 1986; **154**:940-1

### **Entrapment of aftercoming head**

Abdominal rescue after entrapment of the aftercoming head (Iffy et al). 1986; **154**:623-4

### **Enzyme-linked immunosorbent assay**

Herpes simplex virus testing of an obstetric population with an antigen enzyme-linked immunosorbent assay (Warford et al). 1986; **154**:21-8

### **Epinephrine**

Plasma catecholamine responses to physiologic stimuli in normal human pregnancy (Barron et al). 1986; **154**:80-4

### **Epithelium**

Epithelial regulation of prolactin effect on amniotic permeability (Raabe and McCoshen). 1986; **154**:130-4

### **Errata**

Alloimmunization in twin pregnancies (Bowman) (1985; **153**:10-1). 1986; **154**:217

Heat flux and oxygen consumption of the pregnant uterus (1986; **154**:462-9). 1986; **154**:695

### **Erythroblastosis fetalis; see Rh isoimmunization**

### **Erythrocyte**

The effects of fetal exchange transfusion with a red blood cell substitute (Ambrose et al). 1986; **154**:667-74

Transfusions of leukocyte-rich erythrocyte concentrates: A successful treatment in selected cases of habitual abortion (Unander and Lindholm). 1986; **154**:516-20

Use of the erythrocyte rosette test to screen for excessive fetomaternal hemorrhage in Rh-negative women (Stedman et al). 1986; **154**:1363-9

### **Erythromycin**

Adjunctive erythromycin treatment for idiopathic preterm labor: Results of a randomized, double-blinded, placebo-controlled trial (McGregor et al). 1986; **154**:98-103

### ***Escherichia coli***

Vaginal colonization with *Escherichia coli* in healthy women (Chow et al). 1986; **154**:120-6

### **Estriol**

The current role of daily serum estriol monitoring in the insulin-dependent pregnant diabetic woman (Ray et al). 1986; **154**:1257-63

**Estrogen**

- Biochemical and histologic effects of sequential estrogen/progestin therapy on the endometrium of postmenopausal women (Gibbons et al). 1986; **154**:456-61
- Estrogen use and cardiovascular disease (Henderson et al). 1986; **154**:1181-6
- Fibrocystic breast disease: Pathophysiology, pathomorphology, clinical picture, and management (Vorherr). 1986; **154**:161-79
- Human ovarian oxytocin: Its source and relationship to steroid hormones (Dawood and Khan-Dawood). 1986; **154**:756-63
- Temporal and receptor correlates of the estrogen response in sheep (Greiss Jr et al). 1986; **154**:831-8
- Treatment of endometriosis (Lockhart Jr) (Letter). 1986; **154**:215-6

**Ethics**

- The Golden Thread (Malkasian Jr). 1986; **154**:1285-90 (Pres. address)
- Your morality or mine? An inquiry into the ethics of human reproduction (Hill). 1986; **154**:1173-80 (Pres. address)

**Ethinyl estradiol**

- Effect of weight loss and antiandrogenic therapy on sex hormone blood levels and insulin resistance in obese patients with polycystic ovaries (Pasquali et al). 1986; **154**:139-44

**Exchange transfusion**

- The effects of fetal exchange transfusion with a red blood cell substitute (Ambrose et al). 1986; **154**:667-74

**Exercise**

- Cardiorespiratory fitness evaluation in climacteric women: Comparison of two methods (Notelovitz et al). 1986; **154**:1009-13
- Moderate recreational running is associated with lowered salivary progesterone profiles in women (Ellison and Lager). 1986; **154**:1000-3
- Plasma immunoreactive  $\beta$ -endorphin in exercise-associated amenorrhea (Laatikainen et al). 1986; **154**:94-7
- Pulmonary responses to exercise in pregnancy (Artal et al). 1986; **154**:378-83
- The role of biofeedback in Kegel exercise training for stress urinary incontinence (Burgio et al). 1986; **154**:58-64

**External cephalic version**

- External cephalic version of the breech presentation under tocolysis (Morrison et al). 1986; **154**:900-3

**Extracorporeal perfusion**

- Extracorporeal perfusion of the human uterus (Bullelli et al). 1986; **154**:683-8

**F****Fallopian tube**

- Human fallopian tube contains placental protein 14 (Julkunen et al). 1986; **154**:1076-9
- Primary carcinoma of the fallopian tube (Podratz et al). 1986; **154**:1319-26
- Results of microsurgical treatment of tubal infertility and early second-look laparoscopy in the post-pelvic inflammatory disease patient: Implications for in vitro fertilization (Luber et al). 1986; **154**:1264-70
- Tubal conservation in ectopic pregnancy: A study of 200 cases (Hallatt). 1986; **154**:1216-21

**Family trait analysis**

- Family trait analysis: A case-control study of 43 women with endometriosis and their best friends (Lamb et al). 1986; **154**:596-601

**Ferning**

- Amniotic fluid ferning in early gestation (Borten and Friedman). 1986; **154**:628-30

**Fertility; see Infertility****Fertilization; see also Embryo transfer; Infertility**

- An analysis of the obstetric outcome of 125 consecutive pregnancies conceived in vitro and resulting in 100 deliveries (Andrews et al). 1986; **154**:848-54
- The effects of enclomiphene and zuclophene citrates on mouse embryos fertilized in vitro and in vivo (Schmidt et al). 1986; **154**:727-36
- Experience with intrauterine insemination for cervical factor and oligospermia (Hull et al). 1986; **154**:1333-8
- An in vitro fertilization and embryo transfer pilot study: Treatment-dependent and treatment-independent pregnancies (Jarrell et al). 1986; **154**:231-4
- An obstetric assessment of the first 100 births from the in vitro fertilization program at Clamart, France (Frydman et al). 1986; **154**:550-5
- Results of microsurgical treatment of tubal infertility and early second-look laparoscopy in the post-pelvic inflammatory disease patient: Implications for in vitro fertilization (Luber et al). 1986; **154**:1264-70
- "Ultrasound rescue": A successful alternative form of oocyte recovery in patients with periovarian adhesions (Taylor et al). 1986; **154**:240-4

**Fetal heart rate**

- Correlation of neonatal acid-base status with Apgar scores and fetal heart rate tracings (Page et al). 1986; **154**:1306-11
- Effects of reduced uterine blood flow on accelerations and decelerations in heart rate of fetal sheep (Bocking et al). 1986; **154**:329-35
- Fetal heart rate monitoring and neonatal mortality in the very preterm infant (Braithwaite et al). 1986; **154**:250-4
- Fetal injury prior to labor: Does it happen? (Paul et al) 1986; **154**:1187-93
- Fetal response to vibratory acoustic stimulation in periods of low heart rate reactivity and low activity (Ohel et al). 1986; **154**:619-21
- The relationship between antepartum fetal heart rate, intrapartum fetal heart rate, and fetal acid-base status (Low et al). 1986; **154**:769-76
- Relationship of baseline fetal heart rate to gestational age and fetal sex (Druzin et al). 1986; **154**:1102-3
- Sequential nonstress testing with use of each fetus as its own control (Devoe et al). 1986; **154**:931-6
- Sinusoidal fetal heart rate pattern after administration of nalbuphine hydrochloride: A case report (Feinstein et al). 1986; **154**:159-60

**Fetal lung maturity**

- Amniotic fluid collagenase inhibitor: Correlation with gestational age and fetal lung maturity (Stricklin et al). 1986; **154**:134-9
- Amniotic fluid phosphatidylglycerol and phosphatidylcholine phosphorus as predictors of fetal lung maturity (Kogon et al). 1986; **154**:226-30
- Effect of aminophylline on lung maturation in preterm rabbit fetuses (Cosmi et al). 1986; **154**:436-9
- Effect of induced oligohydramnios on fetal lung development (King et al). 1986; **154**:823-30
- Use of the drop volume of amniotic fluid in estimating the risk for respiratory distress syndrome in the newborn infant (Åberg and Gislén). 1986; **154**:68-74

# **Fetomaternal hemorrhage**

Fetomaternal hemorrhage associated with umbilical vein thrombosis (Hoag). 1986; **154**:1271-4

Use of the erythrocyte rosette test to screen for excessive fetomaternal hemorrhage in Rh-negative women (Stedman et al). 1986; **154**:1363-9

# **$\alpha$ -Fetoprotein**

Maternal serum  $\alpha$ -fetoprotein and fetal autosomal trisomies (Doran et al). 1986; **154**:277-81

# **Fetus; see also Chorionic villus; Fetal heart rate; Fetal lung maturity; Fetomaternal hemorrhage**

Congenital heart disease and extracardiac anomalies: Associations and indications for fetal echocardiography (Coppel et al). 1986; **154**:1121-32 (Curr. Dev.)

Corticotropin-releasing factor can stimulate gonadotropin secretion by human fetal pituitaries in superfusion (Blumenfeld et al). 1986; **154**:606-12

Decreased fetal cord prolactin concentration in diabetic pregnancies (Saltzman et al). 1986; **154**:1035-8

The effect of antenatal dexamethasone on maternal and fetal retinol-binding protein (Hustead and Zachman). 1986; **154**:203-5

The effect of electrical stimulation on behavioral states in the fetal lamb (Natale and Nasello-Paterson). 1986; **154**:321-8

Effect of maternal hyperketonemia in hyperglycemic pregnant ewes and their fetuses (Miodovnik et al). 1986; **154**:394-401

The effects of fetal exchange transfusion with a red blood cell substitute (Ambrose et al). 1986; **154**:667-74

Effects of reduced uterine blood flow on electrocortical activity, breathing, and skeletal muscle activity in fetal sheep (Bocking and Harding). 1986; **154**:655-62

Extracorporeal perfusion of the human uterus (Bulletti et al). 1986; **154**:683-8

Factors influencing nonstress test results in multiple gestations (Patkos et al). 1986; **154**:1107-8

Failure of nonstress test and Doppler-assessed umbilical arterial blood flow to detect imminent intrauterine death (Erskine et al). 1986; **154**:1109-10

Fetal cystic hygroma colli: Antenatal diagnosis, significance, and management (Garden et al). 1986; **154**:221-5

Fetal injury prior to labor: Does it happen? (Paul et al) 1986; **154**:1187-93

Fetal  $\alpha$ -melanocyte-stimulating hormone levels: No correlation with late fetal growth but increased with diabetes mellitus (Hassan et al). 1986; **154**:428-30

Fetal microcirculation of abnormal human placenta. I. Scanning electron microscopy of placental vascular casts from small for gestational age fetus (Lee and Yeh). 1986; **154**:1133-9

Fetal microcirculation of abnormal human placenta. II. Scanning electron microscopy of placental vascular casts from fetus with severe erythroblastosis fetalis (Lee and Yeh). 1986; **154**:1139-46

Fetal responses to maternal infusions of angiotensin II (Perales et al). 1986; **154**:195-203

Fetoplacental steroid metabolism in prolonged pregnancies (Reynolds et al). 1986; **154**:74-9

Incorporation of labeled ribonucleic acid precursors into maternal and fetal rat tissues during pregnancy (Dorko and Hayashi). 1986; **154**:801-5

Intravascular transfusion in utero: The percutaneous approach (Berkowitz et al). 1986; **154**:622-3

The length of the human umbilical cord in vertex and breech presentations (Soernes and Bakke). 1986; **154**:1086-7

Maternal, fetal, and newborn complications associated with newborn intracranial hemorrhage (Low et al). 1986; **154**:345-51

Maternal and fetal surveillance for older pregnant women (Schipul Jr et al) (Letter); (Kirz) (Reply). 1986; **154**:967-8

Maternal ovine placental vascular responses to adenosine (Landauer et al). 1986; **154**:1152-5

Maternal serum  $\alpha$ -fetoprotein and fetal autosomal trisomies (Doran et al). 1986; **154**:277-81

Maternal-fetal ABO/Rh antigenic relationships and human fetal development (Hoff and Bixler). 1986; **154**:126-9

Oxygen consumption in fetal lambs after maternal administration of sodium pentobarbital (Rurak and Taylor). 1986; **154**:674-8

Physiologic changes in pregnant women and their fetuses during jet air travel (Huch et al). 1986; **154**:996-1000

Plasma growth hormone concentration in the chronically catheterized ovine fetus during spontaneous term delivery and premature delivery induced by continuous intravascular infusion of low doses of adrenocorticotropin or cortisol to the fetus (Lowe et al). 1986; **154**:420-3

The prenatal diagnosis of Robin anomalad (Pilu et al). 1986; **154**:630-2

Prostaglandin secretion by adrenal tissue of human anencephalic fetuses (Carr et al). 1986; **154**:373-8

Quantitative two-dimensional echocardiographic assessment of fetal cardiac growth (Shime et al). 1986; **154**:294-300

Relative placental size in growth-retarded infants (Woods) (Letter); (Teasdale) (Reply). 1986; **154**:1170

Risk factors for the development of diethylstilbestrol-associated clear cell adenocarcinoma: A case-control study (Herbst et al). 1986; **154**:814-22

A sonographic sign for fetal Down's syndrome (Defoort and Thiery) (Letter). 1986; **154**:1169-70

Squamous cells in the maternal pulmonary circulation (Clark et al). 1986; **154**:104-6

Ultrasound-guided fetal intravascular transfusion in severe rhesus immunization (Seeds and Bowes Jr). 1986; **154**:1105-7

# **Fever**

Lactation suppression and puerperal fever (Almeida and Kitay). 1986; **154**:940-1

# **Fibrocystic breast disease**

Fibrocystic breast disease: Pathophysiology, pathomorphology, clinical picture, and management (Vorherr). 1986; **154**:161-79

# **Fibronectin**

Predictive value of fibronectin levels in normotensive gravid women destined to become preeclamptic (Lazarchick et al). 1986; **154**:1050-2

# **Fistula**

Total abdominal hysterectomy after radiation therapy for cervical cancer: Use of omental graft for fistula prevention (Petty et al). 1986; **154**:1222-6

# **Flora**

Bacterial flora of the cervix in women using different methods of contraception (Haukkamaa et al). 1986; **154**:520-4

Microbial colonization of tailed and untailless intrauterine contraceptive devices: Influence of the mode of insertion in the rabbit (Jacques et al). 1986; **154**:648-55

- Vaginal colonization with *Escherichia coli* in healthy women (Chow et al). 1986; **154**:120-6
- The in vivo effect of amniotic fluid on endocervical microflora (Patterson et al). 1986; **154**:1111-2
- Fluorol-DA**  
The effects of fetal exchange transfusion with a red blood cell substitute (Ambrose et al). 1986; **154**:667-74
- Focal vulvitis**  
Focal vulvitis: A characteristic syndrome and cause of dyspareunia: Features, natural history, and management (Peckham et al). 1986; **154**:855-64
- Folic acid**  
Folate deficiency presenting as pancytopenia in pregnancy (Solano Jr and Councell). 1986; **154**:1117-8
- Follicle**  
An analysis of the effects of increasing doses of ionizing radiation to the exteriorized rat ovary on follicular development, atresia, and serum gonadotropin levels (Jarrell et al). 1986; **154**:306-9  
Biochemical and physiologic characterization of follicle regulatory protein: A paracrine regulator of folliculogenesis (Ono et al). 1986; **154**:709-16  
Histologic and hormonal documentation of the luteinized unruptured follicle syndrome (Schenken et al). 1986; **154**:839-47
- Forceps**  
Reply to Dr. Emanuel Friedman (Kadar) (Letter). 1986; **154**:694-5
- Fructosamine**  
Serum fructosamine: A screening test for diabetes in pregnancy (Roberts and Baker). 1986; **154**:1027-30

## G

- Gaucher's disease**  
Gaucher's disease in pregnancy associated with portal hypertension (Mazor et al). 1986; **154**:1119-20
- Gender**  
Relationship of baseline fetal heart rate to gestational age and fetal sex (Druzin et al). 1986; **154**:1102-3
- Genetics**  
Family trait analysis: A case-control study of 43 women with endometriosis and their best friends (Lamb et al). 1986; **154**:596-601
- Genital herpes**  
Herpes simplex virus testing of an obstetric population with an antigen enzyme-linked immunosorbent assay (Warford et al). 1986; **154**:21-8
- Gestational age; see also Prematurity**  
Amniotic fluid collagenase inhibitor: Correlation with gestational age and fetal lung maturity (Stricklin et al). 1986; **154**:134-9
- Gestational diabetes; see Diabetes**
- Gestosis**  
Expanded toxemia syndrome or gestosis (Goodlin). 1986; **154**:1227-33
- Glucocorticosteroid**  
Prostaglandin secretion by adrenal tissue of human anencephalic fetuses (Carr et al). 1986; **154**:373-8
- Glucose; see also Diabetes**  
Gestational diabetes: Impact of home glucose monitoring on neonatal birth weight (Goldberg et al). 1986; **154**:546-50  
Glucose threshold for macrosomia in pregnancy complicated by diabetes (Willman et al). 1986; **154**:470-5

- Should a fifty-gram, one-hour plasma glucose screening test for gestational diabetes be administered in the fasting or fed state? (Coustan et al) 1986; **154**:1031-5  
Uterine metabolism of the pregnant rabbit under chronic steady-state conditions (Johnson et al). 1986; **154**:1146-51

**Glycoprotein**

- Tumor markers in ovarian cancer: A comparison between immunosuppressive acidic protein and  $\alpha_1$ -acid glycoprotein (Mogensen et al) (Letter). 1986; **154**:1165-6

**Goiter**

- Goiter in pregnancy (Hegedüs et al) (Letter); (Long et al) (Reply). 1986; **154**:1164

**Gonadotropin**

- An analysis of the effects of increasing doses of ionizing radiation to the exteriorized rat ovary on follicular development, atresia, and serum gonadotropin levels (Jarrell et al). 1986; **154**:306-9  
Corticotropin-releasing factor can stimulate gonadotropin secretion by human fetal pituitaries in superfusion (Blumenfeld et al). 1986; **154**:606-12  
Elevated concentrations of the  $\beta$ -subunit of human chorionic gonadotropin and testosterone in the amniotic fluid of gestations of diabetic mothers (Barbieri et al). 1986; **154**:1039-43  
Human chorionic gonadotropin in early normal and pathologic pregnancy (Steier et al). 1986; **154**:1091-4  
Inhibition of human chorionic gonadotropin production by prolactin from term human trophoblast (Ho Yuen et al). 1986; **154**:336-40  
Opioid regulation of pituitary gonadotropins and prolactin in women using oral contraceptives (Snowden et al). 1986; **154**:440-4  
Relationship between log of the human chorionic gonadotropin concentration and time period in early pregnancy (Kadar) (Letter); (Pittaway) (Reply). 1986; **154**:692-4

**Gonadotropin-releasing hormone**

- Inhibition of gonadotropin-releasing hormone receptors in rat anterior pituitary monolayer cell cultures by danazol (Menon et al). 1986; **154**:362-72  
Relationship of gonadotropin-releasing hormone, danazol, and prostaglandin blockade to ovarian enlargement and ascites formation of the ovarian hyperstimulation syndrome in the rabbit (Pride et al). 1986; **154**:1155-60  
Treatment of severe androgen excess due to ovarian hyperthecosis with a long-acting gonadotropin-releasing hormone agonist (Steingold et al). 1986; **154**:1241-8

**Graft**

- Total abdominal hysterectomy after radiation therapy for cervical cancer: Use of omental graft for fistula prevention (Petty et al). 1986; **154**:1222-6

**Granulosa cell**

- Biochemical and physiologic characterization of follicle regulatory protein: A paracrine regulator of folliculogenesis (Ono et al). 1986; **154**:709-16

**Group B  $\beta$ -hemolytic streptococcal sepsis**

- An obstetric approach to the prevention of early-onset group B  $\beta$ -hemolytic streptococcal sepsis (Minkoff and Mead). 1986; **154**:973-7

**Growth hormone**

- Plasma growth hormone concentration in the chronically catheterized ovine fetus during spontaneous term delivery and premature delivery induced by continuous intravascular infusion of low doses of adrenocorticotropin or cortisol to the fetus (Lowe et al). 1986; **154**:420-3

### Growth retardation

Fetal microcirculation of abnormal human placenta. I. Scanning electron microscopy of placental vascular casts from small for gestational age fetus (Lee and Yeh). 1986; 154:1133-9

Relative placental size in growth-retarded infants (Woods) (Letter); (Teasdale) (Reply). 1986; 154:1170

## H

### Hamman's syndrome

Subcutaneous emphysema, pneumomediastinum, and pneumothorax in labor and delivery (Reeder). 1986; 154:487-9

### Heart

Aortic function during normal human pregnancy (Hart et al). 1986; 154:887-91

Cardiorespiratory fitness evaluation in climacteric women: Comparison of two methods (Notelovitz et al). 1986; 154:1009-13

Cardiovascular alterations in severe pregnancy-induced hypertension: Effects of intravenous nitroglycerin coupled with blood volume expansion (Cotton et al). 1986; 154:1053-9

Congenital heart disease and extracardiac anomalies: Associations and indications for fetal echocardiography (Coppel et al). 1986; 154:1121-32 (Curr. Dev.)

Coronary artery disease in diabetic pregnancies (Reece et al). 1986; 154:150-1

Effect of ritodrine on uteroplacental blood flow and cardiac output distribution in unanesthetized pregnant guinea pigs (van de Walle and Martin Jr). 1986; 154:189-94

Estrogen use and cardiovascular disease (Henderson et al). 1986; 154:1181-6

Multiple peripheral pulmonary stenosis in pregnancy (Landsberger and Grossman III). 1986; 154:152-3

Quantitative two-dimensional echocardiographic assessment of fetal cardiac growth (Shime et al). 1986; 154:294-300

Sinusoidal fetal heart rate pattern after administration of nalbuphine hydrochloride: A case report (Feinstein et al). 1986; 154:159-60

Two-dimensional and M-mode echocardiographic findings in hypertensive pregnant women (Sánchez et al). 1986; 154:910-3

### Heat flux

Heat flux and oxygen consumption of the pregnant uterus (Rudelstorfer et al). 1986; 154:462-70

### Hegar's sign

Correct use of Hegar's sign (Speck) (Letter); (Munsick) (Reply). 1986; 154:691-2

### HELLP syndrome

Severe hypoglycemia associated with the HELLP syndrome (Mabie and Sibai) (Letter); (Egley) (Reply). 1986; 154:211-2

### Hematocolpos

Endometriosis in association with uterine anomaly (Sanfilippo et al). 1986; 154:39-43

### Hematocrit

Human platelet  $\alpha$ -adrenergic receptors and responses during pregnancy: No change except that with differing hematocrit (Roberts et al). 1986; 154:206-10

### Hemicolectomy

Perforated adenocarcinoma of the appendix during pregnancy (Donnenfeld et al). 1986; 154:637-8

### Hemolytic disease of neonate; see Rh isoimmunization

#### $\beta$ -Hemolytic streptococcal sepsis

An obstetric approach to the prevention of early-onset group B  $\beta$ -hemolytic streptococcal sepsis (Minkoff and Mead). 1986; 154:973-7

### Hemorrhage

Antenatal phenobarbital for the prevention of neonatal intracerebral hemorrhage (Shankaran et al). 1986; 154:53-7

Fetomaternal hemorrhage associated with umbilical vein thrombosis (Hoag). 1986; 154:1271-4

Is there a causal connection between motile rods, *Mobiluncus* species, and bleeding complications? (Larsson and Bergman). 1986; 154:107-8

Maternal, fetal, and newborn complications associated with newborn intracranial hemorrhage (Low et al). 1986; 154:345-51

Use of the erythrocyte rosette test to screen for excessive fetomaternal hemorrhage in Rh-negative women (Stedman et al). 1986; 154:1363-9

### Hepatitis

Prevalence of hepatitis B surface antigen among women receiving prenatal care at the Palm Beach County Health Department (Malecki et al). 1986; 154:625-6

### Heredity

Family trait analysis: A case-control study of 43 women with endometriosis and their best friends (Lamb et al). 1986; 154:596-601

### Herpes simplex virus

Herpes simplex virus testing of an obstetric population with an antigen enzyme-linked immunosorbent assay (Warford et al). 1986; 154:21-8

### Herpes zoster virus

Excretion of varicella-herpes zoster virus in breast milk (Frederick et al). 1986; 154:1116-7

### Hexoprenaline

Effect of hexoprenaline on uteroplacental blood flow in the pregnant rat (Lipshitz et al). 1986; 154:310-4

Effect of long-term administration of  $\beta_2$ -sympathomimetic drug in the diet-restricted pregnant rat model (Lipshitz et al). 1986; 154:314-7

### Histoplasmosis

Meningoencephalitis caused by *Histoplasma capsulatum* complicating pregnancy (McGregor et al). 1986; 154:925-31

### Home glucose monitoring

Gestational diabetes: Impact of home glucose monitoring on neonatal birth weight (Goldberg et al). 1986; 154:546-50

### Hospitalization

Effects of maternal transport on admission patterns at a tertiary care center (Cowett et al). 1986; 154:1098-100

A large community hospital's experience with an obstetrics-gynecology risk management committee: Quality assurance (Der Yuen). 1986; 154:1206-10

Obstetric hospital stays by diagnosis related groups: A community-based analysis (Lagoe). 1986; 154:873-8

### Human papillomavirus; see Papillomavirus

#### Hydatidiform mole

Demonstration of myc and ras oncogene expression by hybridization in situ in hydatidiform mole and in the BeWo choriocarcinoma cell line (Sarkar et al). 1986; 154:390-3

Epidemiology of hydatidiform mole during early gestation (Atrash et al). 1986; 154:906-9

Occurrence of molar pregnancy in patients undergoing elective abortion: Comparison with other clinical presentations (Ho Yuen and Callegari). 1986; 154:273-6

**Hydrops fetalis**

Hydrops fetalis and chromosomal trisomies (Landrum et al). 1986; 154:1114-5

**6-Hydroxydopamine**

Circulatory responses to hypovolemia in the pregnant and nonpregnant sheep after pharmacologic sympathectomy (Tabsh et al). 1986; 154:411-9

**5-Hydroxytryptophan**

Influence of sequential doses of 5-hydroxytryptophan on prolactin release (Sueldo et al). 1986; 154:424-7

**Hygroma**

Fetal cystic hygroma colli: Antenatal diagnosis, significance, and management (Garden et al). 1986; 154:221-5

**Hyperbilirubinemia**

Measurements of delta optical density at 450 nm in SS disease (Nelson) (Letter); (Lindsay and Lupo) (Reply). 1986; 154:1166

**Hyperglycemia; see also Diabetes**

Glucose threshold for macrosomia in pregnancy complicated by diabetes (Willman et al). 1986; 154:470-5

**Hyperinsulinemia**

Hyperinsulinemia in hyperthecosis of the ovaries (Nagmani et al). 1986; 154:384-9

**Hyperketonemia**

Effect of maternal hyperketonemia in hyperglycemic pregnant ewes and their fetuses (Miodovnik et al). 1986; 154:394-401

**Hyperprolactinemia**

Pergolide and bromocriptine for the treatment of patients with hyperprolactinemia (Kletzky et al). 1986; 154:431-5

**Hypertension**

Cardiovascular alterations in severe pregnancy-induced hypertension: Effects of intravenous nitroglycerin coupled with blood volume expansion (Cotton et al). 1986; 154:1053-9

Gaucher's disease in pregnancy associated with portal hypertension (Mazor et al). 1986; 154:1119-20

Hypertensive diseases of pregnancy and parity (Gleicher et al). 1986; 154:1044-9

The relation of angiotensin-converting enzyme to the pregnancy-induced hypertension-preeclampsia syndrome (Goldkrand and Fuentes). 1986; 154:792-800

The relationship between abortion in the first pregnancy and development of pregnancy-induced hypertension in the subsequent pregnancy (Strickland et al). 1986; 154:146-8

Role of intravenous nitroglycerin in the treatment of severe pregnancy-induced hypertension complicated by pulmonary edema (Cotton et al). 1986; 154:91-3

Severe preeclampsia with persistent oliguria: Management of hemodynamic subsets (Clark et al). 1986; 154:490-4

Two-dimensional and M-mode echocardiographic findings in hypertensive pregnant women (Sánchez et al). 1986; 154:910-3

Uterine artery Doppler velocimetry in pregnant women with hypertension (Fleischer et al). 1986; 154:806-13

**Hyperthecosis**

Hyperinsulinemia in hyperthecosis of the ovaries (Nagmani et al). 1986; 154:384-9

Treatment of severe androgen excess due to ovarian hyperthecosis with a long-acting gonadotropin-releasing hormone agonist (Steingold et al). 1986; 154:1241-8

**Hypoglycemia**

Severe hypoglycemia associated with the HELLP syndrome (Mabic and Sibai) (Letter); (Egley) (Reply). 1986; 154:211-2

**Hypokalemia**

Electrocardiographic changes associated with ritodrine-induced maternal tachycardia and hypokalemia (Hendricks et al). 1986; 154:921-3

**Hypotension**

Profound hypotension complicating magnesium therapy (Bourgeois et al). 1986; 154:919-20

**Hypovolemia**

Circulatory responses to hypovolemia in the pregnant and nonpregnant sheep after pharmacologic sympathectomy (Tabsh et al). 1986; 154:411-9

**Hypoxia; see also Fetal heart rate**

Effects of reduced uterine blood flow on accelerations and decelerations in heart rate of fetal sheep (Bocking et al). 1986; 154:329-35

Physiologic changes in pregnant women and their fetuses during jet air travel (Huch et al). 1986; 154:996-1000

The relationship between antepartum fetal heart rate, intrapartum fetal heart rate, and fetal acid-base status (Low et al). 1986; 154:769-76

**Hysterectomy**

Are preoperative antibiotics helpful in abdominal hysterectomy? (Senior and Steigrad). 1986; 154:1004-8

Cefotetan versus cefoxitin as prophylaxis in hysterectomy (Orr Jr et al). 1986; 154:960-3 (Symposium)

Total abdominal hysterectomy after radiation therapy for cervical cancer: Use of omental graft for fistula prevention (Petty et al). 1986; 154:1222-6

## I

**Imaging**

Magnetic resonance imaging and placenta previa (Power et al). 1986; 154:565-9

**Immunoglobulin G**

Immunoglobulin G subclasses and isoimmunized pregnancy outcome (Taslimi et al). 1986; 154:1327-32

**Impedance plethysmography**

Leg static pressure values in pregnant women with iatrogenic pulmonary edema (Goodlin). 1986; 154:634-5

**In utero transfusion**

Intravascular transfusion in utero: The percutaneous approach (Berkowitz et al). 1986; 154:622-3

Ultrasound-guided fetal intravascular transfusion in severe rhesus immunization (Seeds and Bowes Jr). 1986; 154:1105-7

**In vitro fertilization; see Fertilization****Incision**

In defense of the vertical uterine incision (Goodlin) (Letter); (Jovanovic) (Reply). 1986; 154:966-7

Finger extension of transverse uterine incision (Gerace) (Letter); (Jovanovic) (Reply). 1986; 154:1168-9

**Incompetent cervix**

Ultrasound differentiation of the competent from the incompetent cervix: Prevention of preterm delivery (Michaels et al). 1986; 154:537-46

**Incontinence**

Modified retropubic cystourethropexy (Goodno Jr and Powers). 1986; 154:1211-5

The role of biofeedback in Kegel exercise training for stress urinary incontinence (Burgio et al). 1986; 154:58-64

**Indomethacin**

Relationship of gonadotropin-releasing hormone, danazol, and prostaglandin blockade to ovarian enlargement and ascites formation of the ovarian hyperstimulation syndrome in the rabbit (Pride et al). 1986; 154:1155-60

# **Induced labor**

Preinduction cervical ripening with sequential use of prostaglandin E<sub>2</sub> gel (Prins et al). 1986; 154:1275-9

# **Infant; see also Neonate**

The influence of prolonged pregnancy on infant development at one and two years of age: A prospective controlled study (Shime et al). 1986; 154:341-5

Midforceps deliveries: Long-term outcome of infants (Dierker Jr et al). 1986; 154:764-8

# **Infection**

Cefotetan in the treatment of obstetric and gynecologic infections (Poindexter III et al). 1986; 154:946-50 (Symposium)

Cefotetan versus cefoxitin as prophylaxis in hysterectomy (Orr Jr et al). 1986; 154:960-3 (Symposium)

Comparison of cefotetan and cefoxitin as prophylaxis in cesarean section (Varner et al). 1986; 154:951-4 (Symposium)

Etiology of cervical inflammation (Paavonen et al). 1986; 154:556-64

Further studies on genital mycoplasmas in intra-amniotic infection: Blood cultures and serologic response (Gibbs et al). 1986; 154:717-26

Herpes simplex virus testing of an obstetric population with an antigen enzyme-linked immunosorbent assay (Warford et al). 1986; 154:21-8

Human papillomavirus infection of the cervix detected by cervicovaginal lavage and molecular hybridization: Correlation with biopsy results and Papanicolaou smear (Burk et al). 1986; 154:982-9

Infective endocarditis in obstetric and gynecologic practice (Seaworth and Durack). 1986; 154:180-8

Is there a causal connection between motile curved rods, *Mobiluncus* species, and bleeding complications? (Larsson and Bergman). 1986; 154:107-8

Localization of *Chlamydia trachomatis* infection by direct immunofluorescence and culture in pelvic inflammatory disease (Kiviat et al). 1986; 154:865-73

Microbial colonization of tailed and tailless intrauterine contraceptive devices: Influence of the mode of insertion in the rabbit (Jacques et al). 1986; 154:648-55

*Mobiluncus*-specific antibodies in a postoperative infection (Larsson et al) (Letter). 1986; 154:1167-8

An obstetric approach to the prevention of early-onset group B  $\beta$ -hemolytic streptococcal sepsis (Minkoff and Mead). 1986; 154:973-7

Protease production by microorganisms associated with reproductive tract infection (McGregor et al). 1986; 154:109-14

Quantitative assessment of Langerhans' cells in human cervical intraepithelial neoplasia and wart virus infection (McArdle and Muller). 1986; 154:509-15

Residues of pelvic inflammatory disease in intrauterine device users: A result of the intrauterine device or *Chlamydia trachomatis* infection? (Guderian and Trobough). 1986; 154:497-503

Single-dose cefotetan versus multidose cefoxitin for prophylaxis in cesarean section in high-risk patients (McGregor et al). 1986; 154:955-60 (Symposium)

# **Infertility; see also Fertilization**

Analysis of sequential treatment protocols for endometriosis-associated infertility (Olive and Lee). 1986; 154:613-9

Conservative treatment of ectopic pregnancy with methotrexate (Ory et al). 1986; 154:1299-1306

Upper genital tract changes and infertility in diethylstilbestrol-exposed women (Kaufman et al). 1986; 154:1312-8

# **Inflammation; see also Infection**

Etiology of cervical inflammation (Paavonen et al). 1986; 154:556-64

# **Inheritance**

Family trait analysis: A case-control study of 43 women with endometriosis and their best friends (Lamb et al). 1986; 154:596-601

# **Insemination; see also Embryo transfer; Fertilization**

Experience with intrauterine insemination for cervical factor and oligospermia (Hull et al). 1986; 154:1333-8

# **Insulin**

The current role of daily serum estriol monitoring in the insulin-dependent pregnant diabetic woman (Ray et al). 1986; 154:1257-63

Effect of weight loss and antiandrogenic therapy on sex hormone blood levels and insulin resistance in obese patients with polycystic ovaries (Pasquali et al). 1986; 154:139-44

Hyperinsulinemia in hyperthecosis of the ovaries (Nagmani et al). 1986; 154:384-9

# **Intracranial hemorrhage**

Antenatal phenobarbital for the prevention of neonatal intracerebral hemorrhage (Shankaran et al). 1986; 154:53-7

Maternal, fetal, and newborn complications associated with newborn intracranial hemorrhage (Low et al). 1986; 154:345-51

# **Intraepithelial neoplasia**

Cervical intraepithelial neoplasia and condyloma: An analysis of diagnostic accuracy of posttreatment follow-up methods (Falcone and Ferenczy). 1986; 154:260-4

Quantitative assessment of Langerhans' cells in human cervical intraepithelial neoplasia and wart virus infection (McArdle and Muller). 1986; 154:509-15

Treatment of cervical intraepithelial neoplasia with electrocautery: A report of 776 cases (Deigen et al). 1986; 154:255-9

# **Intrauterine death; see Mortality**

# **Intrauterine device**

Bacterial flora of the cervix in women using different methods of contraception (Haukkaa et al). 1986; 154:520-4

Microbial colonization of tailed and tailless intrauterine contraceptive devices: Influence of the mode of insertion in the rabbit (Jacques et al). 1986; 154:648-55

Residues of pelvic inflammatory disease in intrauterine device users: A result of the intrauterine device or *Chlamydia trachomatis* infection? (Guderian and Trobough). 1986; 154:497-503

# **Intrauterine transfusion**

Intravascular transfusion in utero: The percutaneous approach (Berkowitz et al). 1986; 154:622-3

Ultrasound-guided fetal intravascular transfusion in severe rhesus immunization (Seeds and Bowes Jr). 1986; 154:1105-7

# **Intussusception**

Postoperative intussusception after vaginal vault suspension (Hunter et al). 1986; 154:633-4

# **Ionizing radiation**

An analysis of the effects of increasing doses of ionizing radiation to the exteriorized rat ovary on follicular development, atresia, and serum gonadotropin levels (Jarrell et al). 1986; 154:306-9

**Isoimmunization; see also Rh isoimmunization**

Immunoglobulin G subclasses and isoimmunized pregnancy outcome (Taslimi et al). 1986; **154**:1327-32

**Isoproterenol**

Myometrial desensitization to continuous but not to intermittent  $\beta$ -adrenergic agonist infusion in the sheep (Casper and Lye). 1986; **154**:301-5

**Items**

Items. 1986; **154**:220, 476, 697-8, 972, 1172, 1371-91

## J

**Jehovah's Witnesses**

Blood transfusions and Jehovah's Witnesses: Medical and legal issues in obstetrics and gynecology (Sacks and Koppes). 1986; **154**:483-6 (Clin. Opinion)

**Jet air travel**

Physiologic changes in pregnant women and their fetuses during jet air travel (Huch et al). 1986; **154**:996-1000

## K

**Kegel exercise**

The role of biofeedback in Kegel exercise training for stress urinary incontinence (Burgio et al). 1986; **154**:58-64

**Kell sensitization**

Kell sensitization in pregnancy (Caine and Mueller-Heubach). 1986; **154**:85-90

**Ketone**

Effect of maternal hyperketonemia in hyperglycemic pregnant ewes and their fetuses (Miodovnik et al). 1986; **154**:394-401

**17-Ketoreductase**

Male pseudohermaphroditism due to 17-ketoreductase deficiency: Report of a case without gynecomastia and without vaginal pouch (Caufriez). 1986; **154**:148-9

**Kidney**

Antenatal diagnosis of renal anomalies with ultrasound. IV. Bilateral multicystic kidney disease (D'Alton et al). 1986; **154**:532-7

Prenatal diagnosis of fetal renal mesoblastic nephroma (Apuzzo et al). 1986; **154**:636-7

Septic shock with renal failure after chorionic villus sampling (Barela et al). 1986; **154**:1100-2

**Kleihauer-Betke test**

Use of the erythrocyte rosette test to screen for excessive fetomaternal hemorrhage in Rh-negative women (Stedman et al). 1986; **154**:1363-9

## L

**Labor; see also Delivery**

Abdominal rescue after entrapment of the aftercoming head (Ifify et al). 1986; **154**:623-4

The effects of oral administration of progesterone for premature labor (Erny et al). 1986; **154**:525-9

Preinduction cervical ripening with sequential use of prostaglandin E<sub>2</sub> gel (Prins et al). 1986; **154**:1275-9

Preterm labor: Its diagnosis and management (Gonik and Creasy). 1986; **154**:3-8 (Clin. Opinion)

Subcutaneous emphysema, pneumomediastinum, and pneumothorax in labor and delivery (Reeder). 1986; **154**:487-9

**Lactate**

Uterine metabolism of the pregnant rabbit under chronic steady-state conditions (Johnson et al). 1986; **154**:1146-51

**Lactation; see Breast-feeding****Lactogen**

Blunted response of maternal ovine placental lactogen levels to arginine stimulation after single umbilical artery ligation in pregnant sheep (Newnham et al). 1986; **154**:663-6

**Langerhans' cell**

Quantitative assessment of Langerhans' cells in human cervical intraepithelial neoplasia and wart virus infection (McArdle and Muller). 1986; **154**:509-15

**Laparoscopy**

Results of microsurgical treatment of tubal infertility and early second-look laparoscopy in the post-pelvic inflammatory disease patient: Implications for in vitro fertilization (Luber et al). 1986; **154**:1264-70

"Ultrasound rescue": A successful alternative form of oocyte recovery in patients with periovarian adhesions (Taylor et al). 1986; **154**:240-4

**Laparotomy**

CA 125 surveillance and second-look laparotomy in ovarian carcinoma (Atack et al). 1986; **154**:287-9

Staging laparotomy in early epithelial ovarian carcinoma (Helewa et al). 1986; **154**:282-6

**Laser**

Toxic shock syndrome following carbon dioxide laser treatment of genital tract condyloma acuminatum (Bowen et al). 1986; **154**:145-6

**Lecithin/sphingomyelin ratio; see also Respiratory distress syndrome**

Effect of acetone precipitation on the clinical prediction of respiratory distress syndrome when utilizing amniotic fluid lecithin/sphingomyelin ratios (Hobson et al). 1986; **154**:1023-6

**Legal issues**

Blood transfusions and Jehovah's Witnesses: Medical and legal issues in obstetrics and gynecology (Sacks and Koppes). 1986; **154**:483-6 (Clin. Opinion)

**Letters**

Letters. 1986; **154**:211-7, 689-95, 964-70, 1164-70

**Leukocyte-rich erythrocytes**

Transfusions of leukocyte-rich erythrocyte concentrates: A successful treatment in selected cases of habitual abortion (Unander and Lindholm). 1986; **154**:516-20

**Liability**

The Golden Thread (Malkasian Jr). 1986; **154**:1285-90 (Pres. address)

**Lipoprotein**

The effect of dehydroepiandrosterone sulfate on de novo and low-density lipoprotein-stimulated progesterone secretion by human choriocarcinoma JEG-3 cells (Moise et al). 1986; **154**:1080-5

**Lung; see also Fetal lung maturity; Respiratory distress syndrome**

Effect of induced oligohydramnios on fetal lung development (King et al). 1986; **154**:823-30

Leg static pressure values in pregnant women with iatrogenic pulmonary edema (Goodlin). 1986; **154**:634-5

Pulmonary responses to exercise in pregnancy (Artal et al). 1986; **154**:378-83

Squamous cells in the maternal pulmonary circulation (Clark et al). 1986; **154**:104-6

Subcutaneous emphysema, pneumomediastinum, and pneumothorax in labor and delivery (Reeder). 1986; **154**:487-9

**Lupus anticoagulant**

Lupus anticoagulant and pregnancy (Spitz et al) (Letter). 1986; **154**:1169

### Luteinizing hormone

- Histologic and hormonal documentation of the luteinized unruptured follicle syndrome (Schenken et al). 1986; 154:839-47
- Inhibition of gonadotropin-releasing hormone receptors in rat anterior pituitary monolayer cell cultures by danazol (Menon et al). 1986; 154:362-72
- Modulation of luteinizing hormone immunoreactivity and bioactivity by dopamine but not norepinephrine in women (Barnes et al). 1986; 154:445-50

### Luteotropic hormone

- Human ovarian oxytocin: Its source and relationship to steroid hormones (Dawood and Khan-Dawood). 1986; 154:756-63

### Lymphangiography

- The role of lymphangiography in vulvar carcinoma (Weiner et al). 1986; 154:1073-5

## M

### Macrophage

- Peritoneal fluid in patients with and without endometriosis: Prostanoids and macrophages and their effect on the spermatozoa penetration assay (Chacho et al). 1986; 154:1290-9

### Macrosomia; see also Diabetes

- Gestational diabetes: Impact of home glucose monitoring on neonatal birth weight (Goldberg et al). 1986; 154:546-50
- Glucose threshold for macrosomia in pregnancy complicated by diabetes (Willman et al). 1986; 154:470-5

### Magnesium sulfate

- Profound hypotension complicating magnesium therapy (Bourgeois et al). 1986; 154:919-20

### Magnetic resonance imaging

- Magnetic resonance imaging and placenta previa (Power et al). 1986; 154:565-9

### Male pseudohermaphroditism

- Male pseudohermaphroditism due to 17-ketoreductase deficiency: Report of a case without gynecomastia and without vaginal pouch (Caufriez). 1986; 154:148-9

### Malignancy

- Ultrasonographic evidence of uterine malignancy in the postmenopausal uterus (Chambers and Unis). 1986; 154:1194-9

### Media

- An evaluation of different media for the zona-free hamster egg penetration test (Mortimer). 1986; 154:351-4

### Medroxyprogesterone acetate

- Biochemical and histologic effects of sequential estrogen/progestin therapy on the endometrium of postmenopausal women (Gibbons et al). 1986; 154:456-61

### $\alpha$ -Melanocyte-stimulating hormone level

- Fetal  $\alpha$ -melanocyte-stimulating hormone levels: No correlation with late fetal growth but increased with diabetes mellitus (Hassan et al). 1986; 154:428-30

### Membranes

- The effect of antenatal dexamethasone administration on the prevention of respiratory distress syndrome in preterm gestations with premature rupture of membranes (Morales et al). 1986; 154:591-5
- Effect of induced oligohydramnios on fetal lung development (King et al). 1986; 154:823-30
- A retrospective study on the effects of steroid administration and prolongation of the latent phase in patients with preterm premature rupture of the membranes (Arias et al). 1986; 154:1059-63

### Meningoencephalitis

- Meningoencephalitis caused by *Histoplasma capsulatum* complicating pregnancy (McGregor et al). 1986; 154:925-31

### Menopause

- Biochemical and histologic effects of sequential estrogen/progestin therapy on the endometrium of postmenopausal women (Gibbons et al). 1986; 154:456-61
- Cardiorespiratory fitness evaluation in climacteric women: Comparison of two methods (Notelovitz et al). 1986; 154:1009-13
- Estrogen use and cardiovascular disease (Henderson et al). 1986; 154:1181-6
- Ultrasonographic evidence of uterine malignancy in the postmenopausal uterus (Chambers and Unis). 1986; 154:1194-9

### Menstrual cycle

- Basal and forskolin-stimulated cyclic adenosine monophosphate in intact human platelets during the menstrual cycle (Pansini et al). 1986; 154:679-82
- Variability and selectivity of anterior pituitary response to dopamine agonists throughout the normal menstrual cycle (Kletzky and Shargold). 1986; 154:362-7

### Mesoblastic nephroma

- Prenatal diagnosis of fetal renal mesoblastic nephroma (Apuzzio et al). 1986; 154:636-7

### Metabolism

- Fetoplacental steroid metabolism in prolonged pregnancies (Reynolds et al). 1986; 154:74-9
- Uterine metabolism of the pregnant rabbit under chronic steady-state conditions (Johnson et al). 1986; 154:1146-51

### Metastasis

- Human papillomavirus deoxyribonucleic acid in cervical carcinoma from primary and metastatic sites (Lancaster et al). 1986; 154:115-9
- Staging laparotomy in early epithelial ovarian carcinoma (Helewa et al). 1986; 154:282-6

### Methotrexate

- Conservative treatment of ectopic pregnancy with methotrexate (Ory et al). 1986; 154:1299-1306

### Metronidazole

- Is there a causal connection between motile curved rods, *Mobiluncus* species, and bleeding complications? (Larsson and Bergman). 1986; 154:107-8

### Microcirculation

- Fetal microcirculation of abnormal human placenta. I. Scanning electron microscopy of placental vascular casts from small for gestational age fetus (Lee and Yeh). 1986; 154:1133-9
- Fetal microcirculation of abnormal human placenta. II. Scanning electron microscopy of placental vascular casts from fetus with severe erythroblastosis fetalis (Lee and Yeh). 1986; 154:1139-46

### Microsurgery

- Microsurgical reversal of sterilization: A six-year study (Spivak et al). 1986; 154:355-61

### Midforceps

- Midforceps deliveries: Long-term outcome of infants (Dierker Jr et al). 1986; 154:764-8
- Reply to Dr. Emanuel Friedman (Kadar) (Letter). 1986; 154:694-5

### Midwifery

- The perinatal and economic impact of prenatal care in a low-socioeconomic population (Moore et al). 1986; 154:29-33

**Milk; see also Breast-feeding**

Excretion of varicella-herpes zoster virus in breast milk (Frederick et al). 1986; **154**:1116-7

**M-mode echocardiography**

Two-dimensional and M-mode echocardiographic findings in hypertensive pregnant women (Sánchez et al). 1986; **154**:910-3

**Mobiluncus**

Is there a causal connection between motile curved rods, *Mobiluncus* species, and bleeding complications? (Larsson and Bergman). 1986; **154**:107-8

*Mobiluncus*-specific antibodies in a postoperative infection (Larsson et al) (Letter). 1986; **154**:1167-8

**Mole; see Hydatidiform mole****Monitoring**

Fetal heart rate monitoring and neonatal mortality in the very preterm infant (Braithwaite et al). 1986; **154**:250-4

Gestational diabetes: Impact of home glucose monitoring on neonatal birth weight (Goldberg et al). 1986; **154**:546-50

**Morality; see Ethics****Mortality**

Birth asphyxia, trauma, and mortality in twins: Has cesarean section improved outcome? (Bell et al). 1986; **154**:235-9

Failure of nonstress test and Doppler-assessed umbilical arterial blood flow to detect imminent intrauterine death (Erskine et al). 1986; **154**:1109-10

Fetal heart rate monitoring and neonatal mortality in the very preterm infant (Braithwaite et al). 1986; **154**:250-4

Has use of cesarean section reduced the risks of delivery in the preterm breech presentation? (Bodmer et al). 1986; **154**:244-50

**Mucus**

The tumor marker CA 125 is a common constituent of normal cervical mucus (de Bruijn et al). 1986; **154**:1088-91

**Multicystic kidney disease**

Antenatal diagnosis of renal anomalies with ultrasound. IV. Bilateral multicystic kidney disease (D'Alton et al). 1986; **154**:532-7

**Mycoplasma**

Further studies on genital mycoplasmas in intra-amniotic infection: Blood cultures and serologic response (Gibbs et al). 1986; **154**:717-26

**Myometrium**

$\alpha$ -Adrenergic receptors in human myometrium during pregnancy (Berg et al). 1986; **154**:601-6

Myometrial desensitization to continuous but not to intermittent  $\beta$ -adrenergic agonist infusion in the sheep (Casper and Lye). 1986; **154**:301-5

**Myosin**

Pharmacologic levels of nitrendipine do not affect actin-myosin interaction in the human uterus and placenta (Sakamoto and Huszar). 1986; **154**:402-7

## N

**Nalbuphine hydrochloride**

Sinusoidal fetal heart rate pattern after administration of nalbuphine hydrochloride: A case report (Feinstein et al). 1986; **154**:159-60

**Naloxone**

Opioid regulation of pituitary gonadotropins and prolactin in women using oral contraceptives (Snowden et al). 1986; **154**:440-4

**Neonate**

Antenatal phenobarbital for the prevention of neonatal intracerebral hemorrhage (Shankaran et al). 1986; **154**:53-7

Breast-feeding in thrombocytopenic neonates secondary to maternal autoimmune thrombocytopenic purpura (Meschengieser and Lazzari) (Letter); (Martin Jr) (Reply). 1986; **154**:1166-7

Correlation of neonatal acid-base status with Apgar scores and fetal heart rate tracings (Page et al). 1986; **154**:1306-11

Effects of maternal transport on admission patterns at a tertiary care center (Cowett et al). 1986; **154**:1098-100

Fetal heart rate monitoring and neonatal mortality in the very preterm infant (Braithwaite et al). 1986; **154**:250-4

Gestational diabetes: Impact of home glucose monitoring on neonatal birth weight (Goldberg et al). 1986; **154**:546-50

Immunoglobulin G subclasses and isoimmunized pregnancy outcome (Taslimi et al). 1986; **154**:1327-32

Influence of breast-feeding on the restoration of the low serum concentration of vitamin E and  $\beta$ -carotene in the newborn infant (Ostrea Jr et al). 1986; **154**:1014-7

Maternal, fetal, and newborn complications associated with newborn intracranial hemorrhage (Low et al). 1986; **154**:345-51

Neonatal alloimmune thrombocytopenic purpura: A case report (Deaver et al). 1986; **154**:153-5

An obstetric approach to the prevention of early-onset group B  $\beta$ -hemolytic streptococcal sepsis (Minkoff and Mead). 1986; **154**:973-7

Perinatal events and cerebral palsy (Hensleigh et al). 1986; **154**:978-81

Relative placental size in growth-retarded infants (Woods) (Letter); (Teasdale) (Reply). 1986; **154**:1170

Use of the drop volume of amniotic fluid in estimating the risk for respiratory distress syndrome in the newborn infant (Åberg and Gislén). 1986; **154**:68-74

**Neoplasia; see also Carcinoma**

Cervical intraepithelial neoplasia and condyloma: An analysis of diagnostic accuracy of posttreatment follow-up methods (Falcone and Ferenczy). 1986; **154**:260-4

Quantitative assessment of Langerhans' cells in human cervical intraepithelial neoplasia and wart virus infection (McArdle and Muller). 1986; **154**:509-15

Testosterone levels and androgen-producing neoplasms (Meldrum) (Letter); (Friedman) (Reply). 1986; **154**:965-6

Treatment of cervical intraepithelial neoplasia with electrocautery: A report of 776 cases (Deigen et al). 1986; **154**:255-9

**Nephroma**

Prenatal diagnosis of fetal renal mesoblastic nephroma (Apuzzio et al). 1986; **154**:636-7

**Neutropenia**

Ritodrine-induced neutropenia (Wang-Cheng and Davidson). 1986; **154**:924-5

**Newborn infant; see Neonate****Nifedipine**

The effect of a calcium channel blocker (nifedipine) on uterine blood flow in the pregnant goat (Veille et al). 1986; **154**:1160-3

**Nitrendipine**

Pharmacologic levels of nitrendipine do not affect actin-myosin interaction in the human uterus and placenta (Sakamoto and Huszar). 1986; **154**:402-7

### Nitroglycerin

Cardiovascular alterations in severe pregnancy-induced hypertension: Effects of intravenous nitroglycerin coupled with blood volume expansion (Cotton et al). 1986; 154:1053-9

Role of intravenous nitroglycerin in the treatment of severe pregnancy-induced hypertension complicated by pulmonary edema (Cotton et al). 1986; 154:91-3

### Norepinephrine

Modulation of luteinizing hormone immunoreactivity and bioactivity by dopamine but not norepinephrine in women (Barnes et al). 1986; 154:445-50

Plasma catecholamine responses to physiologic stimuli in normal human pregnancy (Barron et al). 1986; 154:80-4

**Nubain**; *see* **Nalbuphine hydrochloride**

## O

### Obesity

Effect of weight loss and antiandrogenic therapy on sex hormone blood levels and insulin resistance in obese patients with polycystic ovaries (Pasquali et al). 1986; 154:139-44

Prepregnancy weight, weight gain, and birth weight (Abrams and Laros Jr). 1986; 154:503-9

### Obstetric outcome

An analysis of the obstetric outcome of 125 consecutive pregnancies conceived in vitro and resulting in 100 deliveries (Andrews et al). 1986; 154:848-54

An obstetric assessment of the first 100 births from the in vitro fertilization program at Clamart, France (Frydman et al). 1986; 154:550-5

Ultrasound evaluation of amniotic fluid: Outcome of pregnancies with severe oligohydramnios (Bastide et al). 1986; 154:895-900

### Oligohydramnios

Effect of induced oligohydramnios on fetal lung development (King et al). 1986; 154:823-30

Ultrasound evaluation of amniotic fluid: Outcome of pregnancies with severe oligohydramnios (Bastide et al). 1986; 154:895-900

### Oligospermia

Experience with intrauterine insemination for cervical factor and oligospermia (Hull et al). 1986; 154:1333-8

### Oliguria

Severe preeclampsia with persistent oliguria: Management of hemodynamic subsets (Clark et al). 1986; 154:490-4

### Omental graft

Total abdominal hysterectomy after radiation therapy for cervical cancer: Use of omental graft for fistula prevention (Petty et al). 1986; 154:1222-6

### Oncogene

Demonstration of myc and ras oncogene expression by hybridization in situ in hydatidiform mole and in the BeWo choriocarcinoma cell line (Sarkar et al). 1986; 154:390-3

### Oocyte

"Ultrasound rescue": A successful alternative form of oocyte recovery in patients with periovarian adhesions (Taylor et al). 1986; 154:240-4

### Opioid

Opioid regulation of pituitary gonadotropins and prolactin in women using oral contraceptives (Snowden et al). 1986; 154:440-4

### Oral contraceptive; *see also* specific agent

Opioid regulation of pituitary gonadotropins and prolactin in women using oral contraceptives (Snowden et al). 1986; 154:440-4

### Ovary

An analysis of the effects of increasing doses of ionizing radiation to the exteriorized rat ovary on follicular development, atresia, and serum gonadotropin levels (Jarrell et al). 1986; 154:306-9

CA 125 surveillance and second-look laparotomy in ovarian carcinoma (Atack et al). 1986; 154:287-9

A comparison of three techniques for ovarian reconstruction (Oelsner et al). 1986; 154:569-72

Correlation of the ultrasonic appearance of the ovaries in polycystic ovarian disease and the clinical, hormonal, and laparoscopic findings (el Tabbakh et al). 1986; 154:892-5

Effect of weight loss and antiandrogenic therapy on sex hormone blood levels and insulin resistance in obese patients with polycystic ovaries (Pasquali et al). 1986; 154:139-44

Hyperinsulinemia in hyperthecosis of the ovaries (Nagmani et al). 1986; 154:384-9

Ovarian cancer in the elderly: An analysis of surveillance, epidemiology, and end results program data (Yancik et al). 1986; 154:639-47 (Curr. Dev.)

Ovarian carcinoma of low malignant potential: Staging and treatment (Nation and Krepant). 1986; 154:290-3

Ovarian pregnancy with a contralateral corpus luteum: Case report (Check and Chase). 1986; 154:155-6

Relationship of gonadotropin-releasing hormone, danazol, and prostaglandin blockade to ovarian enlargement and ascites formation of the ovarian hyperstimulation syndrome in the rabbit (Pride et al). 1986; 154:1155-60

Staging laparotomy in early epithelial ovarian carcinoma (Helewa et al). 1986; 154:282-6

Treatment of severe androgen excess due to ovarian hyperthecosis with a long-acting gonadotropin-releasing hormone agonist (Steingold et al). 1986; 154:1241-8

The tumor marker CA 125 is a common constituent of normal cervical mucus (de Bruijn et al). 1986; 154:1088-91

Tumor markers in ovarian cancer: A comparison between immunosuppressive acidic protein and  $\alpha_1$ -acid glycoprotein (Mogensen et al) (Letter). 1986; 154:1165-6

"Ultrasound rescue": A successful alternative form of oocyte recovery in patients with periovarian adhesions (Taylor et al). 1986; 154:240-4

### Ovulation

Histologic and hormonal documentation of the luteinized unruptured follicle syndrome (Schenken et al). 1986; 154:839-47

### Oxygen; *see also* Hypoxia

Fetal responses to maternal infusions of angiotensin II (Perales et al). 1986; 154:195-203

Heat flux and oxygen consumption of the pregnant uterus (Rudelstorfer et al). 1986; 154:462-70

Oxygen consumption in fetal lambs after maternal administration of sodium pentobarbital (Rurak and Taylor). 1986; 154:674-8

### Oxytocin

Human ovarian oxytocin: Its source and relationship to steroid hormones (Dawood and Khan-Dawood). 1986; 154:756-63

## P

### Pacific Coast Obstetrical and Gynecological Society

Transactions of the fifty-second annual meeting of the Pacific Coast Obstetrical and Gynecological Society. 1986; 154:1173-1284

**Pain**

Endometriosis in association with uterine anomaly (Sanfilippo et al). 1986; 154:39-43

**Pancytopenia**

Folate deficiency presenting as pancytopenia in pregnancy (Solano Jr and Councell). 1986; 154:1117-8

**Papanicolaou smear**

An analysis of the factors involved in the colposcopic evaluation of 2194 patients with abnormal Papanicolaou smears (Wetrich). 1986; 154:1339-49

Human papillomavirus infection of the cervix detected by cervicovaginal lavage and molecular hybridization: Correlation with biopsy results and Papanicolaou smear (Burk et al). 1986; 154:982-9

**Papers**

Papers of the Society for Gynecologic Investigation. 1986; 154:362-475

**Papillomavirus**

Human papillomavirus deoxyribonucleic acid in cervical carcinoma from primary and metastatic sites (Lancaster et al). 1986; 154:115-9

Human papillomavirus infection of the cervix detected by cervicovaginal lavage and molecular hybridization: Correlation with biopsy results and Papanicolaou smear (Burk et al). 1986; 154:982-9

Quantitative assessment of Langerhans' cells in human cervical intraepithelial neoplasia and wart virus infection (McArdle and Muller). 1986; 154:509-15

**Paracrine regulator**

Biochemical and physiologic characterization of follicle regulatory protein: A paracrine regulator of folliculogenesis (Ono et al). 1986; 154:709-16

**Parity**

The relationship between abortion in the first pregnancy and development of pregnancy-induced hypertension in the subsequent pregnancy (Strickland et al). 1986; 154:146-8

**Parlodol; see Bromocriptine****Parturition; see Delivery****Peer review**

A large community hospital's experience with an obstetrics-gynecology risk management committee: Quality assurance (Der Yuen). 1986; 154:1206-10

**Pelvic infection; see Infection; Pelvic inflammatory disease****Pelvic inflammatory disease**

Cefotetan in the treatment of obstetric and gynecologic infections (Poindexter III et al). 1986; 154:946-50 (Symposium)

Localization of *Chlamydia trachomatis* infection by direct immunofluorescence and culture in pelvic inflammatory disease (Kiviat et al). 1986; 154:865-73

Residues of pelvic inflammatory disease in intrauterine device users: A result of the intrauterine device or *Chlamydia trachomatis* infection? (Guderian and Trobough). 1986; 154:497-503

Results of microsurgical treatment of tubal infertility and early second-look laparoscopy in the post-pelvic inflammatory disease patient: Implications for in vitro fertilization (Luber et al). 1986; 154:1264-70

Serum C-reactive protein determination in acute pelvic inflammatory disease (Lehtinen et al). 1986; 154:158-9

**Penis**

Colposcopy in the diagnosis of penile condyloma (Sedlacek et al). 1986; 154:494-6

**Pentobarbital**

Oxygen consumption in fetal lambs after maternal administration of sodium pentobarbital (Rurak and Taylor). 1986; 154:674-8

**Percutaneous umbilical sampling**

Percutaneous umbilical sampling in immune thrombocytopenic purpura (Sacks) (Letter); (Hobbins et al) (Reply). 1986; 154:214-5

**Pergolide**

Pergolide and bromocriptine for the treatment of patients with hyperprolactinemia (Kletzky et al). 1986; 154:431-5

**Pericarditis**

Constrictive pericarditis and pregnancy (Sachs et al). 1986; 154:156-7

**Perinatal morbidity**

Perinatal events and cerebral palsy (Hensleigh et al). 1986; 154:978-81

**Peritoneal fluid**

Peritoneal fluid in patients with and without endometriosis: Prostanoids and macrophages and their effect on the spermatozoa penetration assay (Chacho et al). 1986; 154:1290-9

**Pharmacologic sympathectomy**

Circulatory responses to hypovolemia in the pregnant and nonpregnant sheep after pharmacologic sympathectomy (Tabsh et al). 1986; 154:411-9

**Phenobarbital**

Antenatal phenobarbital for the prevention of neonatal intracerebral hemorrhage (Shankaran et al). 1986; 154:53-7

**Phosphatidylcholine phosphorus and phosphatidylglycerol**

Amniotic fluid phosphatidylglycerol and phosphatidylcholine phosphorus as predictors of fetal lung maturity (Kogon et al). 1986; 154:226-30

Effect of aminophylline on lung maturation in preterm rabbit fetuses (Cosmi et al). 1986; 154:436-9

**Phospholipid**

Use of the drop volume of amniotic fluid in estimating the risk for respiratory distress syndrome in the newborn infant (Åberg and Gislén). 1986; 154:68-74

**Pituitary**

Corticotropin-releasing factor can stimulate gonadotropin secretion by human fetal pituitaries in superfusion (Blumenfeld et al). 1986; 154:606-12

Inhibition of gonadotropin-releasing hormone receptors in rat anterior pituitary monolayer cell cultures by danazol (Menon et al). 1986; 154:362-72

Opioid regulation of pituitary gonadotropins and prolactin in women using oral contraceptives (Snowden et al). 1986; 154:440-4

Variability and selectivity of anterior pituitary response to dopamine agonists throughout the normal menstrual cycle (Kletzky and Shangold). 1986; 154:362-7

**Placenta**

Blunted response of maternal ovine placental lactogen levels to arginine stimulation after single umbilical artery ligation in pregnant sheep (Newnham et al). 1986; 154:663-6

Effect of hexoprenaline on uteroplacental blood flow in the pregnant rat (Lipshitz et al). 1986; 154:310-4

Effect of long-term administration of  $\beta_2$ -sympathomimetic drug in the diet-restricted pregnant rat model (Lipshitz et al). 1986; 154:314-7

The effects of fetal exchange transfusion with a red blood cell substitute (Ambrose et al). 1986; 154:667-74

- Fetal microcirculation of abnormal human placenta. I. Scanning electron microscopy of placental vascular casts from small for gestational age fetus (Lee and Yeh). 1986; **154**:1133-9
- Fetal microcirculation of abnormal human placenta. II. Scanning electron microscopy of placental vascular casts from fetus with severe erythroblastosis fetalis (Lee and Yeh). 1986; **154**:1139-46
- Fetoplacental steroid metabolism in prolonged pregnancies (Reynolds et al). 1986; **154**:74-9
- Human fallopian tube contains placental protein 14 (Julkunen et al). 1986; **154**:1076-9
- Incorporation of labeled ribonucleic acid precursors into maternal and fetal rat tissues during pregnancy (Dorko and Hayashi). 1986; **154**:801-5
- Maternal ovine placental vascular responses to adenosine (Landauer et al). 1986; **154**:1152-5
- Pharmacologic levels of nitrendipine do not affect actin-myosin interaction in the human uterus and placenta (Sakamoto and Huszar). 1986; **154**:402-7
- Placental prostacyclin production in normal and toxemic pregnancies (Jeremy et al) (Letter); (Walsh) (Reply). 1986; **154**:212-4
- Relative placental size in growth-retarded infants (Woods) (Letter); (Teasdale) (Reply). 1986; **154**:1170
- Placenta previa**  
Magnetic resonance imaging and placenta previa (Power et al). 1986; **154**:565-9
- Plasma**  
Partial purification of relaxin from human seminal plasma (Weiss et al). 1986; **154**:749-55
- Plasma catecholamine responses to physiologic stimuli in normal human pregnancy (Barron et al). 1986; **154**:80-4
- Plasma growth hormone concentration in the chronically catheterized ovine fetus during spontaneous term delivery and premature delivery induced by continuous intravascular infusion of low doses of adrenocorticotropin or cortisol to the fetus (Lowe et al). 1986; **154**:420-3
- Plasma immunoreactive  $\beta$ -endorphin in exercise-associated amenorrhea (Laatikainen et al). 1986; **154**:94-7
- Predictive value of fibronectin levels in normotensive gravid women destined to become preeclamptic (Lazarchick et al). 1986; **154**:1050-2
- Sodium excretion in human pregnancy: A role for arginine vasopressin (Brown and Gallery). 1986; **154**:914-9
- Platelet**  
Basal and forskolin-stimulated cyclic adenosine monophosphate in intact human platelets during the menstrual cycle (Pansini et al). 1986; **154**:679-82
- An epidemic of maternal thrombocytopenia associated with elevated antiplatelet antibody (Hart et al). 1986; **154**:878-83
- Human platelet  $\alpha$ -adrenergic receptors and responses during pregnancy: No change except that with differing hematocrit (Roberts et al). 1986; **154**:206-10
- Longitudinal study of platelet indices during normal pregnancy (Tygart et al). 1986; **154**:883-7
- Plethysmography**  
Leg static pressure values in pregnant women with iatrogenic pulmonary edema (Goodlin). 1986; **154**:634-5
- Pneumomediastinum**  
Subcutaneous emphysema, pneumomediastinum, and pneumothorax in labor and delivery (Reeder). 1986; **154**:487-9
- Pneumothorax**  
Subcutaneous emphysema, pneumomediastinum, and pneumothorax in labor and delivery (Reeder). 1986; **154**:487-9
- Polycystic ovary**  
Correlation of the ultrasonic appearance of the ovaries in polycystic ovarian disease and the clinical, hormonal, and laparoscopic findings (el Tabbakh et al). 1986; **154**:892-5
- Effect of weight loss and antiandrogenic therapy on sex hormone blood levels and insulin resistance in obese patients with polycystic ovaries (Pasquali et al). 1986; **154**:139-44
- Polyhydramnios**  
Ultrasound evaluation of polyhydramnios and twin pregnancy (Hashimoto et al). 1986; **154**:1069-72
- Portal hypertension**  
Gaucher's disease in pregnancy associated with portal hypertension (Mazor et al). 1986; **154**:1119-20
- Postdate pregnancy; see Postmaturity**
- Postmaturity**  
Biophysical profile scoring in the management of the post-term pregnancy: An analysis of 307 patients (Johnson et al). 1986; **154**:269-73
- Fetoplacental steroid metabolism in prolonged pregnancies (Reynolds et al). 1986; **154**:74-9
- The influence of prolonged pregnancy on infant development at one and two years of age: A prospective controlled study (Shime et al). 1986; **154**:341-5
- Management of postdate pregnancy (Lagrew and Freeman). 1986; **154**:8-13 (Clin. Opinion)
- Postmenopausal period; see also Menopause**  
Ultrasonographic evidence of uterine malignancy in the postmenopausal uterus (Chambers and Unis). 1986; **154**:1194-9
- Postoperative complication**  
*Mobiluncus*-specific antibodies in a postoperative infection (Larsson et al) (Letter). 1986; **154**:1167-8
- Postoperative intussusception after vaginal vault suspension (Hunter et al). 1986; **154**:633-4
- Postpartum mood**  
Postpartum moods in men and women (Quadagno et al). 1986; **154**:1018-23
- Postterm pregnancy; see Postmaturity**
- Potassium**  
Electrocardiographic changes associated with ritodrine-induced maternal tachycardia and hypokalemia (Hendricks et al). 1986; **154**:921-3
- Preeclampsia; see also Eclampsia**  
Predictive value of fibronectin levels in normotensive gravid women destined to become preeclamptic (Lazarchick et al). 1986; **154**:1050-2
- Profound hypotension complicating magnesium therapy (Bourgeois et al). 1986; **154**:919-20

### Residency

- Experience with flexibility in an academic residency program (Hendricks). 1986; **154**:780-5 (Symposium)
- Flexibility in obstetric-gynecologic residencies: Why is it necessary? (Willson) 1986; **154**:777-8 (Symposium)
- The Golden Thread (Malkasian Jr). 1986; **154**:1285-90 (Pres. address)
- The need for flexibility in preparing clinician-scientists for academic careers (Jaffe). 1986; **154**:778-80 (Symposium)
- Response on the need for flexibility in academic obstetric-gynecologic residencies (Merrill). 1986; **154**:785-8 (Symposium)
- Response on the need for flexibility in academic obstetric-gynecologic residencies (Pitkin). 1986; **154**:788-90 (Symposium)

### Respiratory distress syndrome

- Amniotic fluid phosphatidylglycerol and phosphatidylcholine phosphorus as predictors of fetal lung maturity (Kogon et al). 1986; **154**:226-30
- Decreased fetal cord prolactin concentration in diabetic pregnancies (Saltzman et al). 1986; **154**:1035-8
- Effect of acetone precipitation on the clinical prediction of respiratory distress syndrome when utilizing amniotic fluid lecithin/sphingomyelin ratios (Hobson et al). 1986; **154**:1023-6
- The effect of antenatal dexamethasone administration on the prevention of respiratory distress syndrome in preterm gestations with premature rupture of membranes (Morales et al). 1986; **154**:591-5
- Use of the drop volume of amniotic fluid in estimating the risk for respiratory distress syndrome in the newborn infant (Åberg and Gislén). 1986; **154**:68-74

### Respiratory function

- Cardiorespiratory fitness evaluation in climacteric women: Comparison of two methods (Notelovitz et al). 1986; **154**:1009-13

### Retinol

- The effect of antenatal dexamethasone on maternal and fetal retinol-binding protein (Hustead and Zachman). 1986; **154**:203-5

### Retropubic cystourethropexy

- Modified retropubic cystourethropexy (Goodno Jr and Powers). 1986; **154**:1211-5

### Rh isoimmunization

- Another view of controversy about Rh prophylaxis (Stephens) (Letter). 1986; **154**:968-9
- Fetal microcirculation of abnormal human placenta. II. Scanning electron microscopy of placental vascular casts from fetus with severe erythroblastosis fetalis (Lee and Yeh). 1986; **154**:1139-46
- Immunoglobulin G subclasses and isoimmunized pregnancy outcome (Taslimi et al). 1986; **154**:1327-32
- Intravascular transfusion in utero: The percutaneous approach (Berkowitz et al). 1986; **154**:622-3
- Kell sensitization in pregnancy (Caine and Mueller-Heubach). 1986; **154**:85-90
- Maternal-fetal ABO/Rh antigenic relationships and human fetal development (Hoff and Bixler). 1986; **154**:126-9
- Ultrasound-guided fetal intravascular transfusion in severe rhesus immunization (Seeds and Bowes Jr). 1986; **154**:1105-7
- Use of the erythrocyte rosette test to screen for excessive fetomaternal hemorrhage in Rh-negative women (Stedman et al). 1986; **154**:1363-9

### Ribonucleic acid

- Incorporation of labeled ribonucleic acid precursors into maternal and fetal rat tissues during pregnancy (Dorko and Hayashi). 1986; **154**:801-5

### Risk

- Assessment of uterine activity in ambulatory patients at high risk of preterm labor and delivery (Katz et al). 1986; **154**:44-7
- Has use of cesarean section reduced the risks of delivery in the preterm breech presentation? (Bodmer et al). 1986; **154**:244-50
- Risk factors for the development of diethylstilbestrol-associated clear cell adenocarcinoma: A case-control study (Herbst et al). 1986; **154**:814-22
- Single-dose cefotetan versus multidose cefoxitin for prophylaxis in cesarean section in high-risk patients (McGregor et al). 1986; **154**:955-60 (Symposium)
- Use of the drop volume of amniotic fluid in estimating the risk for respiratory distress syndrome in the newborn infant (Åberg and Gislén). 1986; **154**:68-74

### Risk management

- A large community hospital's experience with an obstetrics-gynecology risk management committee: Quality assurance (Der Yuen). 1986; **154**:1206-10

### Ritodrine

- Effect of ritodrine on uteroplacental blood flow and cardiac output distribution in unanesthetized pregnant guinea pigs (van de Walle and Martin Jr). 1986; **154**:189-94
- Electrocardiographic changes associated with ritodrine-induced maternal tachycardia and hypokalemia (Hendricks et al). 1986; **154**:921-3
- Myometrial desensitization to continuous but not to intermittent  $\beta$ -adrenergic agonist infusion in the sheep (Casper and Lye). 1986; **154**:301-5
- Ritodrine-induced neutropenia (Wang-Cheng and Davidson). 1986; **154**:924-5

### Robin anomalad

- The prenatal diagnosis of Robin anomalad (Pilu et al). 1986; **154**:630-2

### Rods

- Is there a causal connection between motile curved rods, *Mobiluncus* species, and bleeding complications? (Larsson and Bergman). 1986; **154**:107-8

### Rosette

- Use of the erythrocyte rosette test to screen for excessive fetomaternal hemorrhage in Rh-negative women (Stedman et al). 1986; **154**:1363-9

### Roster

- Roster of American obstetric and gynecologic societies. 1986; **154**:218-9

### Running; see also Exercise

- Moderate recreational running is associated with lowered salivary progesterone profiles in women (Ellison and Lager). 1986; **154**:1000-3

## S

### Salpingitis; see Infection; Pelvic inflammatory disease

### Semen

- Partial purification of relaxin from human seminal plasma (Weiss et al). 1986; **154**:749-55

### Sensitization; see also Rh isoimmunization

- Kell sensitization in pregnancy (Caine and Mueller-Heubach). 1986; **154**:85-90

### Septic shock

- Septic shock with renal failure after chorionic villus sampling (Barela et al). 1986; **154**:1100-2

**Serotonin**

Influence of sequential doses of 5-hydroxytryptophan on prolactin release (Sueldo et al). 1986; 154:424-7

**Sex**

Relationship of baseline fetal heart rate to gestational age and fetal sex (Druzin et al). 1986; 154:1102-3

**Sex hormone**

Effect of weight loss and antiandrogenic therapy on sex hormone blood levels and insulin resistance in obese patients with polycystic ovaries (Pasquali et al). 1986; 154:139-44

**Sexual assault**

Reported sexual assault in Nashville-Davidson County, Tennessee, 1980 to 1982 (Cartwright et al). 1986; 154:1064-8

**Shock**

Septic shock with renal failure after chorionic villus sampling (Barela et al). 1986; 154:1100-2

**Shoulder dystocia**

Another technique for resolution of shoulder dystocia (Carter) (Letter). 1986; 154:964

**Sickle cell anemia**

Measurements of delta optical density at 450 nm in SS disease (Nelson) (Letter); (Lindsay and Lupo) (Reply). 1986; 154:1166

**Small bowel obstruction**

Disagreement on use of water-soluble contrast material in small bowel obstruction (Ott et al) (Letter); (Robertson) (Reply). 1986; 154:690-1

**Smoking**

Cigarette smoking and endometrial cancer (Baron) (Letter). 1986; 154:965

**Societies; see also Papers; Transactions**

Roster of American obstetric and gynecologic societies. 1986; 154:218-9

**Society for Gynecologic Investigation**

Papers of the Society for Gynecologic Investigation. 1986; 154:362-475

**Society of Obstetricians and Gynaecologists of Canada**

Transactions of the forty-first annual meeting of the Society of Obstetricians and Gynaecologists of Canada. 1986; 154:221-361

**Socioeconomic level**

The perinatal and economic impact of prenatal care in a low-socioeconomic population (Moore et al). 1986; 154:29-33

Prevalence of hepatitis B surface antigen among women receiving prenatal care at the Palm Beach County Health Department (Malecki et al). 1986; 154:625-6

**Sodium**

Sodium excretion in human pregnancy: A role for arginine vasopressin (Brown and Gallery). 1986; 154:914-9

**Sodium pentobarbital**

Oxygen consumption in fetal lambs after maternal administration of sodium pentobarbital (Rurak and Taylor). 1986; 154:674-8

**Sonography; see Ultrasound****Spermatozoa**

An evaluation of different media for the zona-free hamster egg penetration test (Mortimer). 1986; 154:351-4

Peritoneal fluid in patients with and without endometriosis: Prostanoids and macrophages and their effect on the spermatozoa penetration assay (Chacho et al). 1986; 154:1290-9

**Spontaneous abortion; see Abortion****Squamocolumnar junction**

Behavior of the squamocolumnar junction during normal pregnancy (Ganesh et al) (Letter). 1986; 154:689-90

**Squamous cell**

Squamous cells in the maternal pulmonary circulation (Clark et al). 1986; 154:104-6

**SS disease**

Measurements of delta optical density at 450 nm in SS disease (Nelson) (Letter); (Lindsay and Lupo) (Reply). 1986; 154:1166

**Staging**

Ovarian carcinoma of low malignant potential: Staging and treatment (Nation and Krepert). 1986; 154:290-3

Staging laparotomy in early epithelial ovarian carcinoma (Helewa et al). 1986; 154:282-6

**Staphylococcal toxin**

Toxic shock syndrome following carbon dioxide laser treatment of genital tract condyloma acuminatum (Bowen et al). 1986; 154:145-6

**Sterilization**

Microsurgical reversal of sterilization: A six-year study (Spivak et al). 1986; 154:355-61

Sterilization failures (Stock) (Letter); (Soderstrom) (Reply). 1986; 154:970

**Steroids**

Fetoplacental steroid metabolism in prolonged pregnancies (Reynolds et al). 1986; 154:74-9

Human ovarian oxytocin: Its source and relationship to steroid hormones (Dawood and Khan-Dawood). 1986; 154:756-63

A retrospective study on the effects of steroid administration and prolongation of the latent phase in patients with preterm premature rupture of the membranes (Arias et al). 1986; 154:1059-63

**Streptococci**

An obstetric approach to the prevention of early-onset group B  $\beta$ -hemolytic streptococcal sepsis (Minkoff and Mead). 1986; 154:973-7

**Stress incontinence**

Modified retropubic cystourethropepy (Goodno Jr and Powers). 1986; 154:1211-5

The role of biofeedback in Kegel exercise training for stress urinary incontinence (Burgio et al). 1986; 154:58-64

**Subcutaneous emphysema**

Subcutaneous emphysema, pneumomediastinum, and pneumothorax in labor and delivery (Reeder). 1986; 154:487-9

**Sulfamethoxazole**

Single-dose trimethoprim-sulfamethoxazole prophylaxis for cesarean section (Ganesh et al). 1986; 154:1113-4

**Superfusion**

Corticotropin-releasing factor can stimulate gonadotropin secretion by human fetal pituitaries in superfusion (Blumenfeld et al). 1986; 154:606-12

**Surfactant; see Respiratory distress syndrome****Suture technique**

A comparison of three techniques for ovarian reconstruction (Oelsner et al). 1986; 154:569-72

**Sympathectomy**

Circulatory responses to hypovolemia in the pregnant and nonpregnant sheep after pharmacologic sympathectomy (Tabsh et al). 1986; 154:411-9

 **$\beta_2$ -Sympathomimetic drug**

Effect of long-term administration of  $\beta_2$ -sympathomimetic drug in the diet-restricted pregnant rat model (Lipshitz et al). 1986; 154:314-7

### **Symphysis pubis**

Relaxin and the radiolucent fissure in the symphysis pubis during pregnancy: The gas phenomenon (Camiel). 1986; 154:1104-5

### **Symposium**

Symposium on cefotetan. 1986; 154:945-63

Symposium on the need for flexibility in academic obstetric-gynecologic residencies: Why is it necessary? 1986; 154:777-91

### **Syndrome**

Amniotic fluid phosphatidylglycerol and phosphatidylcholine phosphorus as predictors of fetal lung maturity (Kogon et al). 1986; 154:231-4

Cushing's syndrome in pregnancy: A case report and literature review (Koerten et al). 1986; 154:626-8

Severe hypoglycemia associated with the HELLP syndrome (Mabie and Sibai) (Letter); (Egley) (Reply). 1986; 154:211-2

A sonographic sign for fetal Down's syndrome (Defoort and Thiery) (Letter). 1986; 154:1169-70

Subcutaneous emphysema, pneumomediastinum, and pneumothorax in labor and delivery (Reeder). 1986; 154:487-9

Toxic shock syndrome following carbon dioxide laser treatment of genital tract condyloma acuminatum (Bowen et al). 1986; 154:145-6

Use of the drop volume of amniotic fluid in estimating the risk for respiratory distress syndrome in the newborn infant (Åberg and Gislen). 1986; 154:68-74

## **T**

### **Tachycardia**

Electrocardiographic changes associated with ritodrine-induced maternal tachycardia and hypokalemia (Hendricks et al). 1986; 154:921-3

### **Teratology**

The value of case reports in human teratology (Goldberg and Golbus). 1986; 154:479-82 (Clin. Opinion)

### **Tertiary care center**

Effects of maternal transport on admission patterns at a tertiary care center (Cowett et al). 1986; 154:1098-100

### **Testosterone**

Elevated concentrations of the  $\beta$ -subunit of human chorionic gonadotropin and testosterone in the amniotic fluid of gestations of diabetic mothers (Barbieri et al). 1986; 154:1039-43

Testosterone levels and androgen-producing neoplasms (Meldrum) (Letter); (Friedman) (Reply). 1986; 154:965-6

Treatment of severe androgen excess due to ovarian hyperthecosis with a long-acting gonadotropin-releasing hormone agonist (Steingold et al). 1986; 154:1241-8

### **Thrombocytopenia**

Breast-feeding in thrombocytopenic neonates secondary to maternal autoimmune thrombocytopenic purpura (Meschegieser and Lazzari) (Letter); (Martin Jr) (Reply). 1986; 154:1166-7

An epidemic of maternal thrombocytopenia associated with elevated antiplatelet antibody (Hart et al). 1986; 154:878-83

Neonatal alloimmune thrombocytopenic purpura: A case report (Deaver et al). 1986; 154:153-5

Percutaneous umbilical sampling in immune thrombocytopenic purpura (Sacks) (Letter); (Hobbins et al) (Reply). 1986; 154:214-5

### **Thrombosis**

Fetomaternal hemorrhage associated with umbilical vein thrombosis (Hoag). 1986; 154:1271-4

### **Tinidazole**

Are preoperative antibiotics helpful in abdominal hysterectomy? (Senior and Steigrad) 1986; 154:1004-8

### **Tocolysis**

Detection of preterm labor by ambulatory monitoring of uterine activity for the management of oral tocolysis (Katz et al). 1986; 154:1253-6

The effects of oral administration of progesterone for premature labor (Erny et al). 1986; 154:525-9

External cephalic version of the breech presentation under tocolysis (Morrison et al). 1986; 154:900-3

Prophylactic tocolysis of twins (O'Leary). 1986; 154:904-5

Ritodrine-induced neutropenia (Wang-Cheng and Davidson). 1986; 154:924-5

### **Total abdominal hysterectomy; see also Hysterectomy**

Total abdominal hysterectomy after radiation therapy for cervical cancer: Use of omental graft for fistula prevention (Petty et al). 1986; 154:1222-6

### **Toxemia; see also Eclampsia**

Expanded toxemia syndrome or gestosis (Goodlin). 1986; 154:1227-33

Placental prostacyclin production in normal and toxemic pregnancies (Jeremy et al) (Letter); (Walsh) (Reply). 1986; 154:212-4

### **Toxic shock syndrome**

Toxic shock syndrome, contraceptive methods, and vaginitis (Lanes et al). 1986; 154:989-91

Toxic shock syndrome following carbon dioxide laser treatment of genital tract condyloma acuminatum (Bowen et al). 1986; 154:145-6

### **Training; see Residency**

### **Transactions**

Transactions of the fifty-third annual meeting of the Central Association of Obstetricians and Gynecologists. 1986; 154:1285-1369

Transactions of the forty-first annual meeting of the Society of Obstetricians and Gynaecologists of Canada. 1986; 154:221-361

Transactions of the fourth annual meeting of the American Gynecological and Obstetrical Society. 1986; 154:699-854

Transactions of the fifty-second annual meeting of the Pacific Coast Obstetrical and Gynecological Society. 1986; 154:1173-1284

### **Transfusions**

Blood transfusions and Jehovah's Witnesses: Medical and legal issues in obstetrics and gynecology (Sacks and Koppes). 1986; 154:483-6 (Clin. Opinion)

The effects of fetal exchange transfusion with a red blood cell substitute (Ambrose et al). 1986; 154:667-74

Intravascular transfusion in utero: The percutaneous approach (Berkowitz et al). 1986; 154:622-3

Transfusions of leukocyte-rich erythrocyte concentrates: A successful treatment in selected cases of habitual abortion (Unander and Lindholm). 1986; 154:516-20

Ultrasound-guided fetal intravascular transfusion in severe rhesus immunization (Seeds and Bowes Jr). 1986; 154:1105-7

### **Transport**

Effects of maternal transport on admission patterns at a tertiary care center (Cowett et al). 1986; 154:1098-100

### **Trauma**

Birth asphyxia, trauma, and mortality in twins: Has cesarean section improved outcome? (Bell et al). 1986; 154:235-9

**Travel**

Physiologic changes in pregnant women and their fetuses during jet air travel (Huch et al). 1986; 154:996-1000

**Trimethoprim-sulfamethoxazole**

Single-dose trimethoprim-sulfamethoxazole prophylaxis for cesarean section (Ganesh et al). 1986; 154:1113-4

**Trisomy**

Hydrops fetalis and chromosomal trisomies (Landrum et al). 1986; 154:1114-5

Maternal serum  $\alpha$ -fetoprotein and fetal autosomal trisomies (Doran et al). 1986; 154:277-81

**Tritium**

Incorporation of labeled ribonucleic acid precursors into maternal and fetal rat tissues during pregnancy (Dorko and Hayashi). 1986; 154:801-5

**Trophoblast**

Inhibition of human chorionic gonadotropin production by prolactin from term human trophoblast (Ho Yuen et al). 1986; 154:336-40

**Tumor marker**

CA 125 surveillance and second-look laparotomy in ovarian carcinoma (Atack et al). 1986; 154:287-9

The tumor marker CA 125 is a common constituent of normal cervical mucus (de Bruijn et al). 1986; 154:1088-91

Tumor markers in ovarian cancer: A comparison between immunosuppressive acidic protein and  $\alpha_1$ -acid glycoprotein (Mogensen et al) (Letter). 1986; 154:1165-6

**Twins**

Birth asphyxia, trauma, and mortality in twins: Has cesarean section improved outcome? (Bell et al). 1986; 154:235-9

Cesarean delivery of the second twin after vaginal delivery of the first twin (Rattan et al). 1986; 154:936-9

Factors influencing nonstress test results in multiple gestations (Patkos et al). 1986; 154:1107-8

Prophylactic tocolysis of twins (O'Leary). 1986; 154:904-5

Ultrasound evaluation of polyhydramnios and twin pregnancy (Hashimoto et al). 1986; 154:1069-72

Uterine activity during pregnancy in ambulatory patients: Comparison of singleton and twin gestations (Newman et al). 1986; 154:530-1

**Two-dimensional echocardiography**

Quantitative two-dimensional echocardiographic assessment of fetal cardiac growth (Shime et al). 1986; 154:294-300

Two-dimensional and M-mode echocardiographic findings in hypertensive pregnant women (Sánchez et al). 1986; 154:910-3

**U****Ultrasound**

Antenatal diagnosis of renal anomalies with ultrasound. IV. Bilateral multicystic kidney disease (D'Alton et al). 1986; 154:532-7

Congenital heart disease and extracardiac anomalies: Associations and indications for fetal echocardiography (Coppel et al). 1986; 154:1121-32 (Curr. Dev.)

Correlation of the ultrasonic appearance of the ovaries in polycystic ovarian disease and the clinical, hormonal, and laparoscopic findings (el Tabbakh et al). 1986; 154:892-5

Failure of nonstress test and Doppler-assessed umbilical arterial blood flow to detect imminent intrauterine death (Erskine et al). 1986; 154:1109-10

Fetal cystic hygroma colli: Antenatal diagnosis, significance, and management (Corden et al). 1986; 154:221-5

Magnetic resonance imaging and placenta previa (Power et al). 1986; 154:565-9

A sonographic sign for fetal Down's syndrome (Defoort and Thiery) (Letter). 1986; 154:1169-70

Ultrasonographic evidence of uterine malignancy in the postmenopausal uterus (Chambers and Unis). 1986; 154:1194-9

Ultrasound differentiation of the competent from the incompetent cervix: Prevention of preterm delivery (Michaels et al). 1986; 154:537-46

Ultrasound evaluation of amniotic fluid: Outcome of pregnancies with severe oligohydramnios (Bastide et al). 1986; 154:895-900

Ultrasound evaluation of polyhydramnios and twin pregnancy (Hashimoto et al). 1986; 154:1069-72

"Ultrasound rescue": A successful alternative form of oocyte recovery in patients with periovarian adhesions (Taylor et al). 1986; 154:240-4

Ultrasound-guided fetal intravascular transfusion in severe rhesus immunization (Seeds and Bowes Jr). 1986; 154:1105-7

Uterine artery Doppler velocimetry in pregnant women with hypertension (Fleischer et al). 1986; 154:806-13

**Umbilical artery**

Blunted response of maternal ovine placental lactogen levels to arginine stimulation after single umbilical artery ligation in pregnant sheep (Newnham et al). 1986; 154:663-6

The effect of maternal consumption of alcohol on human umbilical artery blood flow (Erskine and Ritchie). 1986; 154:318-21

Failure of nonstress test and Doppler-assessed umbilical arterial blood flow to detect imminent intrauterine death (Erskine et al). 1986; 154:1109-10

**Umbilical cord**

Decreased fetal cord prolactin concentration in diabetic pregnancies (Saltzman et al). 1986; 154:1035-8

The length of the human umbilical cord in vertex and breech presentations (Soernes and Bakke). 1986; 154:1086-7

Percutaneous umbilical sampling in immune thrombocytopenic purpura (Sacks) (Letter); (Hobbins et al) (Reply). 1986; 154:214-5

**Umbilical vein**

Fetomaternal hemorrhage associated with umbilical vein thrombosis (Hoag). 1986; 154:1271-4

**Urinary incontinence**

Modified retropubic cystourethropepy (Goodno Jr and Powers). 1986; 154:1211-5

The role of biofeedback in Kegel exercise training for stress urinary incontinence (Burgio et al). 1986; 154:58-64

**Uterine blood flow**

The effect of a calcium channel blocker (nifedipine) on uterine blood flow in the pregnant goat (Veille et al). 1986; 154:1160-3

Effect of ritodrine on uteroplacental blood flow and cardiac output distribution in unanesthetized pregnant guinea pigs (van de Walle and Martin Jr). 1986; 154:189-94

Effects of reduced uterine blood flow on accelerations and decelerations in heart rate of fetal sheep (Bocking et al). 1986; 154:329-35

Effects of reduced uterine blood flow on electrocortical activity, breathing, and skeletal muscle activity in fetal sheep (Bocking and Harding). 1986; 154:655-62

Extracorporeal perfusion of the human uterus (Bullelli et al). 1986; 154:683-8

Temporal and receptor correlates of the estrogen response in sheep (Greiss Jr et al). 1986; **154**:831-8  
Uterine artery Doppler velocimetry in pregnant women with hypertension (Fleischer et al). 1986; **154**:806-13

#### **Uterus**

Assessment of uterine activity in ambulatory patients at high risk of preterm labor and delivery (Katz et al). 1986; **154**:44-7  
In defense of the vertical uterine incision (Goodlin) (Letter); (Jovanovic) (Reply). 1986; **154**:966-7  
Effect of hexoprenaline on uteroplacental blood flow in the pregnant rat (Lipshitz et al). 1986; **154**:310-4  
Effects of reduced uterine blood flow on electrocortical activity, breathing, and skeletal muscle activity in fetal sheep (Bocking and Harding). 1986; **154**:655-62  
Endometriosis in association with uterine anomaly (Sanfilippo et al). 1986; **154**:39-43  
Extracorporeal perfusion of the human uterus (Bulletti et al). 1986; **154**:683-8  
Failure to demonstrate decreased  $\beta$ -adrenergic receptor concentration or decreased agonist efficacy in term or preterm human parturition (Dattel et al). 1986; **154**:450-6  
Finger extension of transverse uterine incision (Gerace) (Letter); (Jovanovic) (Reply). 1986; **154**:1168-9  
Heat flux and oxygen consumption of the pregnant uterus (Rudelstorfer et al). 1986; **154**:462-70  
Myometrial desensitization to continuous but not to intermittent  $\beta$ -adrenergic agonist infusion in the sheep (Casper and Lye). 1986; **154**:301-5  
Pharmacologic levels of nitrendipine do not affect actin-myosin interaction in the human uterus and placenta (Sakamoto and Huszar). 1986; **154**:402-7  
Temporal and receptor correlates of the estrogen response in sheep (Greiss Jr et al). 1986; **154**:831-8  
Ultrasonographic evidence of uterine malignancy in the postmenopausal uterus (Chambers and Unis). 1986; **154**:1194-9  
Uterine activity during pregnancy in ambulatory patients: Comparison of singleton and twin gestations (Newman et al). 1986; **154**:530-1  
Uterine metabolism of the pregnant rabbit under chronic steady-state conditions (Johnson et al). 1986; **154**:1146-51

#### **Utilization review**

Obstetric hospital stays by diagnosis related groups: A community-based analysis (Lagoe). 1986; **154**:873-8

### **V**

#### **Vagina**

Amniostat-FLM: An initial clinical trial with both vaginal pool and amniocentesis samples (Benoit et al). 1986; **154**:65-8  
Vaginal colonization with *Escherichia coli* in healthy women (Chow et al). 1986; **154**:120-6

#### **Vaginal suppository**

A double-blind placebo-controlled trial of progesterone vaginal suppositories in the treatment of premenstrual syndrome (Maddocks et al). 1986; **154**:573-81

#### **Vaginal vault suspension**

Postoperative intussusception after vaginal vault suspension (Hunter et al). 1986; **154**:633-4

#### **Vaginitis**

Toxic shock syndrome, contraceptive methods, and vaginitis (Lanes et al). 1986; **154**:989-91

#### **Varicella**

Excretion of varicella-herpes zoster virus in breast milk (Frederick et al). 1986; **154**:1116-7

#### **Vasopressin**

Sodium excretion in human pregnancy: A role for arginine vasopressin (Brown and Gallery). 1986; **154**:914-9

#### **Velocimetry**

Uterine artery Doppler velocimetry in pregnant women with hypertension (Fleischer et al). 1986; **154**:806-13

#### **Version**

External cephalic version of the breech presentation under tocolysis (Morrison et al). 1986; **154**:900-3

#### **Vertex presentation**

The length of the human umbilical cord in vertex and breech presentations (Soernes and Bakke). 1986; **154**:1086-7

#### **Vertical uterine incision**

In defense of the vertical uterine incision (Goodlin) (Letter); (Jovanovic) (Reply). 1986; **154**:966-7

#### **Vibratory acoustic stimulation**

Fetal response to vibratory acoustic stimulation in periods of low heart rate reactivity and low activity (Ohel et al). 1986; **154**:619-21

#### **Virus**

Excretion of varicella-herpes zoster virus in breast milk (Frederick et al). 1986; **154**:1116-7  
Herpes simplex virus testing of an obstetric population with an antigen enzyme-linked immunosorbent assay (Warford et al). 1986; **154**:21-8  
Quantitative assessment of Langerhans' cells in human cervical intraepithelial neoplasia and wart virus infection (McArdle and Muller). 1986; **154**:509-15

#### **Vitamin A**

The effect of antenatal dexamethasone on maternal and fetal retinol-binding protein (Hustead and Zachman). 1986; **154**:203-5

#### **Vitamin E**

Influence of breast-feeding on the restoration of the low serum concentration of vitamin E and  $\beta$ -carotene in the newborn infant (Ostrea Jr et al). 1986; **154**:1014-7

#### **Vulva**

Focal vulvitis: A characteristic syndrome and cause of dyspareunia: Features, natural history, and management (Peckham et al). 1986; **154**:855-64  
The role of lymphangiography in vulvar carcinoma (Weiner et al). 1986; **154**:1073-5

### **W**

#### **Wart virus**

Quantitative assessment of Langerhans' cells in human cervical intraepithelial neoplasia and wart virus infection (McArdle and Muller). 1986; **154**:509-15

#### **Water-soluble contrast material**

Disagreement on use of water-soluble contrast material in small bowel obstruction (Ott et al) (Letter); (Robertson) (Reply). 1986; **154**:690-1

#### **Weight; see also Birth weight**

#### **Weight**

Effect of weight loss and antiandrogenic therapy on sex hormone blood levels and insulin resistance in obese patients with polycystic ovaries (Pasquali et al). 1986; **154**:139-44

Prepregnancy weight, weight gain, and birth weight  
(Abrams and Laros Jr). 1986; 154:503-9

Y

**Y chromosome**

Use of two different deoxyribonucleic acid probes to detect  
Y chromosome deoxyribonucleic acid in subjects with normal  
and altered Y chromosomes (McDonough et al).  
1986; 154:737-48

Z

**Zona-free hamster egg penetration test**

An evaluation of different media for the zona-free hamster  
egg penetration test (Mortimer). 1986; 154:351-4

**Zuclomiphene citrate**

The effects of enclomiphene and zuclomiphene citrates on  
mouse embryos fertilized in vitro and in vivo (Schmidt et  
al). 1986; 154:727-36
